INFORMATION FOR ORDERING ACTIVITIES

SPECIAL NOTICE TO AGENCIES: Small Business Participation

SBA strongly supports the participation of small business concerns in the Federal Acquisition Service. To enhance Small Business Participation SBA policy allows agencies to include in their procurement base and goals, the dollar value of orders expected to be placed against the Federal Supply Schedules, and to report accomplishments against these goals.

For orders exceeding the micropurchase threshold, FAR 8.404 requires agencies to consider the catalogs/pricelists of at least three schedule contractors or consider reasonably available information by using the GSA Advantage!™ on-line shopping service (www.gsadvantage.gov). The catalogs/pricelists, GSA Advantage!™ and the Federal Acquisition Service Home Page (www.gsa.gov/fas) contain information on a broad array of products and services offered by small business concerns.

This information should be used as a tool to assist ordering activities in meeting or exceeding established small business goals. It should also be used as a tool to assist in including small, small disadvantaged, and women-owned small businesses among those considered when selecting pricelists for a best value determination.

For orders exceeding the micropurchase threshold, customers are to give preference to small business concerns when two or more items at the same delivered price will satisfy their requirement.

This provision does not limit the right of the ordering activity to use software, documentation, or

information therein, which the ordering activity may already have or obtains without restrictions.

(4) The ordering activity shall have the right to use the computer software and documentation with the computer for which it is acquired at any other facility to which that computer may be transferred, or in cases of Disaster Recovery, the ordering activity has the right to transfer the software to another site if the ordering activity site for which it is acquired is deemed to be unsafe for ordering activity personnel; to use the computer software and documentation with a backup computer when the primary computer is inoperative; to copy computer programs for safekeeping (archives) or backup purposes; to transfer a copy of the software to another site for purposes of benchmarking new hardware and/or software; and to modify the software and documentation or combine it with other software, provided that the unmodified portions shall remain subject to these restrictions.

(5) "Commercial Computer Software" may be marked with the Contractor's standard commercial restricted rights legend, but the schedule contract and schedule pricelist, including this clause, "Utilization Limitations" are the only governing terms and conditions, and shall take precedence and supersede any different or additional terms and conditions included in the standard commercial legend.

Such use of the NetIQ Software shall take place solely at the Licensee's site, strictly in an evaluation or testing environment. Software licensed for Evaluation Use may automatically disable itself at the end of the Evaluation Period, as it employs a restriction mechanism, which restricts the program to a limited working time. This restriction mechanism and the manner in which it enforces the restriction is maintained in confidence by NetIQ as a trade secret, and the Government may not publish, disclose or reveal it. The Government agrees that it will not do anything to circumvent or defeat the restriction mechanism. In the event any Evaluation Software does not have an automatic disabling mechanism, then Government shall discontinue using and return the Software within ten (10) business days after the end of the Evaluation period.

8. SOFTWARE CONVERSIONS - (SIN 132-32 AND SIN 132-33)

Global Service Programs: Warranty Terms and Conditions

These Terms and Conditions of Warranty, Service and Support ("Terms and Conditions") cover services provided by Overland to customers ("Customers") who have purchased products ("Products") from Overland Storage, Inc. ("Overland").

Limited Hardware Warranty

Overland warrants that Overland or its designated third party service provider ("Service Provider") will repair or exchange, at Overland's option and without charge to Customer, each Product failing to function properly under normal use during the Limited Warranty Period (the "Limited Warranty"). The "Limited Warranty Period" starts on the date of shipment from Overland or on the purchase date from an Overland authorized reseller and continues for the applicable time specified at the "[Warranty Coverage and Service Options](#)" web page or for any period during which Overland agrees to extend such Limited Warranty Period. Customer's dated sales or delivery receipt is Customer's proof of the purchase date. Customer may be required to provide proof of purchase as a condition of receiving warranty service. Customer means the original end-user purchaser of the Product. This Limited Warranty is extended to the original end-user purchaser only and is not transferable.

Your Limited Warranty is NOT in effect until Overland receives your completed Warranty Registration via the Product Self Support section on Overland's web site at support.overlandstorage.com and it is processed by Overland. Processing may take up to 15 business days after receipt of your Warranty Registration by Overland.

Overland Storage warrants that the software functionality for specified Overland Products will substantially conform to its published specifications for a period of time as specified at the "[Warranty Coverage and Service Options](#)" web page from the receipt of the equipment containing the software or receipt of access to the software. This limited warranty extends only to the end customer as the original licensee. Overland Storage will comply with all applicable laws, rules and regulations in connection with its activities under the published End User License Agreement (EULA). Refer to the EULA for your product for the complete statement of warranty.

Any Product, which Overland has authorized to be replaced must be returned to Overland per the terms of the specific warranty. For Return to Factory (RTF) Replacement material, Customer must first ship the product to Overland at the Customer's expense. Once Overland receives the part, the repaired or replaced item will be shipped to Customer, at Overland's expense.

For Advanced Warranty Replacement material, the customer is obligated to return the replaced material within the stated timeframe in order to maintain the Limited Warranty entitlement. Failure to comply will result in suspension of your Limited Warranty and grant Overland the right to invoice the Customer, at current list price, for the replacement material. All returned parts or Products become the property of Overland. Overland, at its discretion, may use new, refurbished, or reconditioned replacement parts to perform any warranty repair or replacement of its Products or provide a replacement unit of Overland's choosing that is at least equivalent to the Product in hardware performance. Overland reserves the right, at its sole discretion, to refund the purchase price instead of replacing the Product.

Other terms and conditions relating to duration, scope and procedures of the Limited Warranty are available on the [Global Service Programs: Service Options Details](#) page.

Upgraded Warranty Coverage and Additional Purchased Services

In addition to the Limited Warranty applicable to all Products during the Limited Warranty Period, Customer may purchase, upon payment of the applicable fees, extended terms of the Limited Warranty Period, additional, or upgraded warranties, on-site service, and other maintenance or installation services and support ("Purchased Services") all as set forth on the "[Warranty Coverage and Service Options](#)" web page (any such purchased services being referred to as the "Services"). Purchased Services are valid to the original end-user purchaser only and are not transferable or refundable.

If Customer has purchased any Services set forth on the "[Warranty Coverage and Service Options](#)" web page, Overland or its Service Provider will provide the Services, commencing the date that Overland receives and processes your purchase order for such Services ("Service Start Date"). Processing your purchase order may take up to 15 business days after receipt of your purchase order by Overland.

Services may include mandatory engineering changes, maintenance updates, releases or upgrade versions of the Products, if any, to the Customer, but installation of recommended non-mandatory changes, updates, releases, or upgrade versions will subject Customer to additional charges.

Overland or the Service Provider will use commercially reasonable efforts to respond to Customer's request for Services within the response time set forth under the "[Warranty Coverage and Service Options](#)" web page, measured from the time Overland or its Authorized Service Provider has determined that the Services are required. Overland or the Service Provider will use reasonable care to assure that all services are performed in a workmanlike manner by competent and trained individuals utilizing generally accepted industry standards and practices.

If any Purchased Services coverage was not originally provided or purchased with the Products, or if Services coverage has lapsed, or if ownership of the product has been transferred to other than the original end user purchaser, Overland or the Service Provider may require an inspection of the Products before the Service Start Date and as a condition to providing the Services. Customer will bear the expense of such inspection, as well as the expense of the repair should the inspection reveal any failure of the Product to function properly or any conditions listed as Exclusions below.

WARRANTY GENERAL TERMS

Nexsan warrants that its Hardware Products are free from defects in material and workmanship for 3 years from date of shipment or contract purchase, and will conform to the applicable Nexsan specifications, under normal use and service, for the applicable warranty period of 3 years. All warranties begin upon original shipment date from Nexsan. (Software is covered under a separate warranty)

Nexsan's sole and exclusive obligations under its warranty are to repair or replace, at Nexsan's option, the nonconforming system or component, or to issue customer a refund for the purchase price of the equipment.

ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, ARISING BY LAW OR OTHERWISE, INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, ARE HEREBY DISCLAIMED. THE WARRANTY REMEDIES STATED HEREIN ARE EXCLUSIVE. Nexsan shall not be responsible or liable for any consequential, indirect or special damages to any party, including lost profits, lost savings, lost data and loss of reputation, even if Nexsan has been advised of the possibility of such damages. Nexsan strongly urges all customers to take precautions to protect against data loss, particularly mission critical data, and to properly archive and backup data.

Any Nexsan warranty shall immediately be null and void if, in Nexsan's sole judgment, the unit has been altered or repaired other than with authorization from Nexsan and by its approved procedures, has been subject to misuse, abuse, negligence or accident, damaged by excess voltage, damaged in shipment, subjected to improper environmental conditions, or had its serial numbers and/or other marking altered, defaced or removed. Normal user preventative maintenance is the responsibility of the Purchaser and is excluded from this warranty.

Nexsan uses specific drive models, revision levels, and specially screened drives to ensure proper operation and reliability of the Nexsan Storage array. Drives not supplied by Nexsan can cause the array to function less than optimally or not at all and will therefore, in all cases, cause the warranty to terminate. Some levels of Nexsan firmware may prevent drives not supplied by Nexsan to be recognized by the array.

In the event of a failure during the warranty or any contracted support period the end-user may contact Nexsan Technical Services during standard Nexsan Business Hours, 8:00AM to 5:00PM Monday through Friday, at the Nexsan Regional Support Center nearest to the product location and a Nexsan engineer will assist in diagnoses and resolution. Major releases are not included in any support level. These updates are available on www.Nexsan.com and may only be available if the system has been registered through the on-line or GUI process.

Nexsan provides advance replacement of any identified defective hardware component during the warranty period. Replacement components will be advance shipped within one business day. Limited Hardware Warranty

Utility Associates (UA) warrants that UA products are free from defects in material and workmanship according to the following definitions, terms, and conditions:

The limited warranty for Products is for ONE (1) year beginning on the date of sale of the Product to the original purchaser ("Customer") of the product. The limited warranty is extended annually based upon payment of the Remote Configuration Management (RCM) annual fee for each subsequent year. The limited warranty is not assignable or transferable to any subsequent purchaser or user.

During the limited warranty period, UA will repair or replace, at UA's sole option, parts that will not operate for their intended use, with new or refurbished parts as needed. UA may also choose to replace entire units. The limited warranty does not cover cosmetic defects in appearance caused by normal wear and tear, expenses related to removing or reinstalling the product, or shipping to and from the UA factory except as authorized in an RMA.

Customer shall have no coverage or benefits under this limited warranty if any of the following conditions apply:

- a) The Product has been subjected to physical abuse; exposed to moisture or dampness; intentional damage; improper storage; unauthorized disassembly, modifications, or repair; misuse; neglect; improper third party installation; shipping damage; or other acts which are not the fault of UA.
- b) The Product has been damaged from external causes such as collision with an object; fire; dust, sand, dirt; windstorm; lightning; earthquake; tornado; hurricane or other weather conditions; theft; voltage sags or surges outside of the range of 8 to 18 volts DC; installation without 5 amp fuse protection; blown fuses; improper installation by a third party installer; improper connection of any electrical source; or exceeding MIL STD 810F operating temperatures and vibration standards.
- c) UA was not advised in writing by the Customer of the alleged defect or malfunction of the Product within fourteen (14) days after the expiration of the limited warranty period.
- d) The Product serial number or data code has been removed, defaced, or altered.

Under no circumstances shall UA's liability under this limited warranty exceed the actual cash value of the Product at the time the Customer returns the product for repair. Actual cash value is determined by the price paid by the Customer for the Product less a reasonable amount for normal wear and tear depreciation.

Severity Definitions and Response Time SLA

Severity Level Guidelines

Severity levels provide an indication of the urgency of an issue, and help us provide a rapid and effective response. Categorizing severity levels incorrectly hinders the overall case-handling process, and can adversely affect you. When you report an issue, you and the Veeam Support Analyst should discuss and agree upon an appropriate severity level. You have the option to change the severity level of an issue as business conditions change around the impact.

Response goals are intended to provide a target for initial response to an issue or query. We will work a Severity 1 issue around the clock for Standard and Premium Support if you have a technical resource available to work with us until:

- A resolution or workaround is in place and business impact has been mitigated.
- The severity is mutually downgraded.

*Evaluation Customers

We make best effort to provide equivalent of "Standard Support" response times to customers with valid trial license during the official evaluation period.

**Free and NFR Licensed Products

Depending on staff availability, we attempt to provide support for users using our free products. However, we do not currently provide response goals or response guarantees for this service.

We respond to problem reports based on the following guidelines:

* Note when indicated Business hours are M-F 8AM – 8 PM local time.

Severity	Description	Target Premium Response SLA	Target Standard Response SLA
Severity 1	A business critical software component or a Veeam managed system is inoperable or unavailable; production system is down; or there is an emergency condition. Requires an immediate workaround or solution. Examples: Excessive abnormal terminations impacting all monitoring, backups and schedules or a down/offline production system cannot be restored; application or system failure caused by Veeam product.	1 hour	2 hours
Severity 2	Adversely impacting Production operations, but the production system is not down; product operates, but is seriously restricted. Examples: Production application response times or system performance are slow, system is available. Some monitoring or backups are impacted.	3 hours	8 business hours
Severity 3	A non-production issue; the majority of functions are still usable, a limited condition that can be readily circumvented. Example: non-Production application response times or system performance are slow, system is available. Some monitoring or backups are impacted.	6 hours	12 business hours
Severity 4	Minor issue or question that does not affect the product function, and can be readily circumvented. For example: "How to" questions; the text of a message, or page of documentation is worded poorly or misspelled, General Feedback, Feature Requests.	8 hours	24 business hours

Contacting Customer Support

Your organization should designate a few representatives responsible for opening cases with Veeam, and receiving maintenance information. They should have the appropriate technical skills and system level access to work with Veeam Support Engineers in resolving open issues. These support contacts will be your interface to Veeam Support, and should be notified of all issues that surface within your organization. They will escalate issues to Veeam Support as necessary.

Be prepared to provide the following information:

- Your name, company name, and telephone number with extension
- Case number (if applicable)
- Product name, release level, and any maintenance applied to the product

Logging a Case

Any information you can provide regarding the issue you are experiencing could have a significant impact on how fast the issue is diagnosed and resolved. You will be asked to provide the following information:

- Issue description, impact on your system and business operations, issue severity, and the exact text of error messages and diagnostic details.
- Steps to reproduce the problem, known workarounds
- Contact number where you can be reached
- Best time to reach you, and contact method (i.e. email/phone)

Submitting a Support Case

To file a case you may use any method below. We encourage you to set the initial severity level for the problem when submitting a case and highly recommend using phone to submit Severity 1 issues.

Via the Web

You can file a case using a web browser in **Customer Center**: <http://support.veeam.com/>. Please follow the new case wizard to open a case. Upon submitting the case you will receive an electronic confirmation with a unique case number sent to your email address. You will also be able to see the case in the open cases management tab.

Via the Phone

To open a case using the phone call one of the phone numbers mentioned in **Contacts** below. After you log the case with the customer representative, your case will be assigned a unique number given to you over the phone. If required and depending on license type, support offering and severity level, your call will be transferred to an appropriate support engineer to resolve your issue over the phone.

Following Up

A Support engineer will contact you by phone and/or email or a combination of both as appropriate during the resolution process. Severity levels may be adjusted with customer consent and mutual agreement on the degree of the impact based on the Severity definitions.

Customer Support Issue Resolution

Veeam Support provides trained resources to research and resolve issues on a timely basis. While an issue is open, the support team will keep you informed of the resolution status, and will notify you when a reported issue has been resolved. If at any point during the resolution process, you become dissatisfied with the handling of your issue, simply contact the case owner and request an escalation to the manager. This allows us to understand your concerns and make adjustments in resources if necessary.

We will make three attempts, on separate business days, to contact you for updates or information on an open case. If we are unable to make contact with you, we may close the case without your consent. If the issue continues to exist, you may open a new case and reference the old one.

Resolution of a support case can include any of the following actions:

- Software that provides a fix for the problem (case closed)
- Permanent business or system workaround (case closed)
- Temporary business or system workaround (case severity level is reduced)
- Action plan for the development of a fix or workaround: milestones and dependencies are set, communicated, and tracked (case severity level might be changed)
- Issue is a customer-specific customization or enhancement, and is not covered under maintenance (customer notification, case closed)

Customer Satisfaction Surveys

We periodically survey customers to obtain additional feedback on recent experiences with Customer Support, and the survey results are reviewed by management. When a support case is closed, an e-mail may be sent to the customer contact associated with the case. The e-mail contains a link to an online survey with questions covering areas such as the handling of the support case, professionalism, knowledge of the support analyst, and overall satisfaction with the management of the case.

Product Lifecycle

Level of support services provided depends on the lifecycle phase determined for specific version of the product. Current versions of the products are eligible for full support that includes support services and updates/fixes while support for older versions may be limited. A list of known workarounds or existing fixes and assistance with upgrading to a supported version is available for customers using old or discontinued versions.

The list is updated each time there is a release, for the current list of products and their status please see the product release matrix located at <http://www.veeam.com/support/releasestatus.pdf>

Support of Releases

- New Releases – All new products issued for General Availability (GA).
- Current Releases – To maximize the quality of our service, Veeam limits technical support to the products listed on the release matrix.
- Releases designated as End of Fixes – Support is available, existing program fixes are available, but no new fixes will be created and no enhancements will be made.
- Releases designated as End of Support or Withdrawal from the Market - No support is available.
 - ❖ For unsupported releases, new product enhancements and fixes will not be available. Veeam does not have an obligation to provide support for software that has been publicly designated End of Support, Withdrawn from the Market, or similarly designated.

Product Maintenance

Our goal is to go beyond quickly solving problems, and actually preventing problems from occurring in the first place. As a result, stringent quality control procedures are built into the development and release cycle of new products and releases. A typical product goes through multiple test phases—Quality Assurance, Alpha Test, Beta Test, and Controlled Release before it is officially released.

Issues sometimes occur with complex software operating in equally complex and demanding environments. Fixes and resolutions are often rolled into the next product release, and others are included as part of the next maintenance release, and most urgent are addressed with a hotfix that can be applied on specific product version. When applicable we announce the availability of new releases on the Web and through e-mail.

Supported Third Party Storage

Veeam will continue to be storage agnostic. However certain companies have partnered with Veeam to certify their storage and/or de-duplication appliances and offer specific configuration guides when appropriate to optimize the configuration for best performance. Please see the table and link to the guides below:

Third Party Software Support

We will assist you in problem analysis to determine whether the issue is caused by third party software or hardware. In order to isolate the problem and if we believe we have reason, we may ask you to remove third party software or hardware product.

If it is impossible to identify the cause of the problem we may contact the third party vendor using TSANet or ask you to open support case with third party vendor support organization.

Warranty Terms

QLogic Corporation ("QLogic") provides the following warranties to the original purchaser of QLogic products from QLogic (or, in the case of resale, to the initial end user customer (the individual who purchased the product for their own use, also referred to as the End User)).

Standard Warranty Terms

Product Warranty	QLogic warrants that its hardware products will be free from defects in materials and workmanship for the period described in the matrix above after the date of shipment from QLogic.
Accessories Warranty	QLogic-provided cables, optics and other accessories are warranted for ninety (90) days from date of purchase, excepting InfiniBand cables which are warranted for one-hundred twenty (120) days from date of purchase.
Software	For the products described herein, QLogic only licenses its software pursuant to the terms of end user license agreements. QLogic does not warrant that software will be bug-free, error-free, or compatible with third-party software. The terms of any software warranty are set forth in the applicable end user license agreement. Any software warranty is offered only to the original End User licensee.
Repaired Products Warranty	The above Product Warranty will remain in effect for Products repaired by QLogic during the applicable Warranty Period.
Service Warranty	QLogic warrants that services provided to End User Customers by QLogic ("Services") will be free from defects in workmanship for a period of thirty (30) calendar days from the date the services are provided.
Remedies	As Customer's exclusive remedy and QLogic's sole liability for breach of the foregoing warranties, QLogic shall, at its option, either repair or replace the defective product or service, or, if QLogic is unable to accomplish repair or replacement after good-faith efforts, credit Customer's account with an amount equal to the price paid for the defective product or service.

**Warranty Claims**

All warranty claims will be subject to verification by QLogic and to the terms of QLogic's then-current repair service policy and procedures. Unless otherwise directed by QLogic, product returned for warranty verification shall be a genuine QLogic product, authorized by QLogic in advance, shipped prepaid and insured by the claimant, and shall be accompanied by a detailed description of the alleged defect. At the end user's request, and at QLogic's discretion, a replacement product may be shipped in advance of an alleged defective product return. If the alleged defective genuine QLogic product is not returned within 30 days of advanced replacement product shipment, claimant will be charged the product MSRP (Manufacturers Suggested Retail Price). Advance replacement requests must be secured by a valid credit card. If the claimed defect or non-conformity is verified, QLogic will, at its expense, provide a remedy as stated above. If inspection, test or defect validation by QLogic of the product(s) does not disclose any defect or non-conformance, any repairs, testing, validation or packaging made by QLogic will be subject to a reasonable charge for parts, labor, and transportation. All replaced parts shall become property of QLogic.

Exclusions

The above warranties do not cover and QLogic shall not be liable for any conditions attributable to (1) misuse, faulty installation, misapplication, normal wear and tear, extreme environmental conditions, chemical attack, lack of compliance with applicable instructions, inadequate or improper maintenance, negligence, accident, tampering, substitution of inferior quality component parts; or (2) the incompatibility, improper design, manufacture, installation, operation or maintenance of products, accessories, equipment or materials not supplied by QLogic. All batteries are specifically excluded from all warranty provisions.

**Exclusive Warranties**

The foregoing warranties are the only warranties made by QLogic to Customer (or any other party). QLogic may modify its warranty at any time. Warranties may be posted on the QLogic website. QLOGIC EXPRESSLY DISCLAIMS TO THE EXTENT ALLOWED BY APPLICABLE LAW ANY IMPLIED WARRANTIES OF MERCHANTABILITY, NON-INFRINGEMENT AND FITNESS FOR PARTICULAR PURPOSE, AND ANY OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED, OR ARISING BY OPERATION OF LAW, TRADE USAGE, OR COURSE OF DEALING. TO THE EXTENT THAT AN IMPLIED WARRANTY CANNOT BE EXCLUDED BY LAW, SUCH WARRANTY IS LIMITED IN DURATION TO THE EXPRESS WARRANTY PERIOD. BECAUSE SOME STATE OR JURISDICTIONS DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS, THE ABOVE LIMITATIONS MAY NOT APPLY. THIS WARRANTY GIVES CUSTOMER SPECIFIC LEGAL RIGHTS, AND CUSTOMER MAY ALSO HAVE OTHER RIGHTS WHICH VARY FROM JURISDICTION TO JURISDICTION. This disclaimer and exclusion shall apply even if the express warranty set forth above fails of its essential purpose. No person, agent, or representative, other than an officer of QLogic, is authorized to give any additional warranty on behalf of QLogic.

Technical Advice

Any technical advice, recommendations, samples, lab tests, and/or demonstrations provided by QLogic (or its representatives) concerning the use, application, or compatibility of any products or materials are provided by QLogic solely for the purpose of assisting the Customer to evaluate, at its own risk, the suitability of QLogic products for the Customer's intended use. QLogic recommends that the Customer make its own tests to determine such suitability. No such advice, recommendations, samples, lab tests and/or demonstrations provided by QLogic shall be construed as an express or implied warranty.

**Limitations and Disclaimers**

The above remedies are the only remedies available to Customer (or any other party) for breach of warranty, breach of contract, or any other QLogic liabilities associated with the products and/or services furnished hereunder, including product liabilities based on negligence, failure to warn, or strict liability. UNDER NO CIRCUMSTANCES WILL QLOGIC HAVE ANY LIABILITY FOR INDIRECT, SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES OR LOSS, EVEN IF QLOGIC HAS BEEN ADVISED, KNEW OR SHOULD HAVE KNOWN OF THE POSSIBILITY OF SUCH DAMAGES. In no case shall QLogic's liability exceed the amount of the purchase price of any defective products and defective services. In no case shall QLogic have any liability for products or services for which QLogic has not received payment when due. The exclusive remedies described above shall not be deemed to fail of their essential purpose so long as QLogic is willing and able to refund the purchase price for the defective or non-conforming portion of the provided products and/or services. No person, agent, or representative, other than an officer of QLogic, is authorized to give any other remedies on behalf of QLogic or to assume for QLogic any other liabilities in connection with this Agreement or any products sold by QLogic.

Custom Products

QLogic assumes no responsibility for the adequacy of any designs, specifications, requirements and/or instructions provided by Customer. Acceptance by the Customer of any custom or non-standard products provided by QLogic shall constitute an acknowledgment that the Customer has reviewed the designs for such products and is satisfied that the designs meet all specifications, requirements, and standards applicable to such products. Customer understands and agrees that in addition to the foregoing disclaimers, QLOGIC SPECIFICALLY DISCLAIMS ANY WARRANTY (INCLUDING ANY IMPLIED WARRANTY OF FITNESS FOR PARTICULAR PURPOSE) RELATIVE TO THE DESIGN OF SUCH CUSTOM OR NON-STANDARD PRODUCTS. Customer agrees to indemnify, defend and hold QLogic harmless against any claims or suits alleging defective design of such products. Customer further agrees that, upon request by QLogic, it will execute a design approval form confirming the matters contained in this paragraph, and that QLogic may withhold shipment of such goods pending execution of such form.

International Notice

Due to differing national regulations and approval requirements, certain QLogic products are designed for use only in specific countries, and may not function properly in a country other than the country of designated use. Users of these products are responsible for ensuring that these products are used only in the countries for which they were intended.

Unauthorized Applications

QLogic's products are not designed or authorized for use as a component in any life support, life safety, or other comparable application. The products should not be used in any application where the failure or faulty performance of the product might create risk of personal injury or death. Customer assumes all risk of loss, damage or injury alleged to arise from the failure or faulty performance of a QLogic product in any unauthorized application. Customer agrees to indemnify and hold harmless QLogic, and its officers, directors, employees, agents, representatives and sales partners, from and against any and all claims, costs, damages, losses and expenses (including reasonable attorney fees) which arise from or are alleged to have been caused by any claim for personal injury or death connected with Customer's use of a QLogic product in any unauthorized application, including claims alleging that QLogic has been negligent in connection with the design or manufacture of the product.

Transferability

QLogic's warranty only applies to the original purchaser of the QLogic product from QLogic (or, in the case of resale, to original User). In no event does the QLogic warranty apply to used QLogic products, and except as expressly described above the QLogic warranty is not transferable.

Warranty Limited to Genuine QLogic Products

QLogic does not provide any kind of warranty support whatsoever for Non-genuine Products. Non-genuine Product means any products: (i) to which a QLogic trademark has been affixed without QLogic's consent; (ii) that do not originate from QLogic or are produced without the approval of QLogic; (iii) that are generally produced, marked or labeled as counterfeits or imitations of genuine QLogic products; or (iv) are distributed or sold as authorized QLogic products when they are not. Non-genuine Products sent to QLogic for warranty support will not be returned to the entity requesting warranty support.

OEM Branded Products

QLogic manufactures and provides certain of its products to its OEM customers under their respective brand names. Those products are not covered by the warranties set forth herein and purchasers should consult the warranties offered by the OEM customer with respect to those products.

Quantum Sales and Support Terms and Conditions

These Quantum Sales and Support Terms and Conditions ("Terms and Conditions") set forth the terms governing the purchase of Quantum hardware and software (collectively "Products") from Quantum, the limited warranty provided thereon, and the provision of services (including Support Services and Other Services as defined herein) ("Services") by Quantum. Previously executed reseller, distributor, master purchase, master services agreement, or a similar document setting forth terms of purchase and/or services from Quantum by Customer in effect at the time of purchase will take precedence over these Terms and Conditions. Otherwise, Quantum's assent to any agreement between Quantum and the purchaser ("Customer") for any sale of Products or Services in connection with a Quantum Sales Quote ("Quote") is expressly conditioned on Customer's assent to these Terms and Conditions. Customer's assent will be conclusively presumed if Customer responds by issuance of a purchasing document. Any different, conflicting, or additional terms in Customer's purchasing document are objected to and deemed rejected unless expressly approved by an officer of Quantum in writing.

1. QUOTE

The accuracy of a Quote is dependent largely upon factors at Customer's site and the particulars of Customer's specific network and hardware configuration. Quantum does not warrant the accuracy of its Quotes in terms of configuration, cabling, porting, and other details specific to Customer's network. Pricing may differ based upon configuration at the installation site. Service pricing may change based upon changes in configuration or site location.

2. DELIVERY

Delivery of Products will be FCA Quantum's manufacturing facility (INCOTERMS 2010). Title and risk of loss or damage to the Products shall shift to Customer upon release to the initial carrier for holding or shipment. Customer hereby grants Quantum a purchase-money security interest in all Products to secure payment of the purchase price and any other charges due to Quantum. If delivery of the Products to the initial carrier is delayed in excess of twenty Business Days, Customer may cancel the order involved upon notice to Quantum prior to shipment. Such cancellation right is Customer's sole remedy for any delay or failure in delivery by Quantum.

3. PRICES AND PAYMENT

3.1 Generally: Pricing will be valid for thirty days unless a different term is set forth in writing. Customer agrees to pay to Quantum the purchase price for the Products and/or the Services set forth in the Sales Quote. The price is exclusive of, and Customer agrees to pay, any applicable federal, state, local or foreign sales or use taxes, tariffs, customs, duties and other governmental charges, and shipping charges.

3.2 Fees for Other Services: Quantum will invoice Customer at Quantum's standard published hourly rates for performance of Other Services as defined herein. All such charges will include actual travel time and travel expenses, as well as costs incurred due to waiting, rescheduling, or other accommodations made as a result of lack of availability or preparation by the Customer for services scheduled. Quantum will provide an estimate of total costs prior to performance of Other Services. This estimate shall be non-binding unless otherwise specified in writing.

3.3 Service Re-Enrollment Fee: To the extent that Customer fails to maintain a current and continuous Support Contract with Quantum or a Quantum Authorized Service Provider, Quantum may assess a reasonable re-enrollment fee in addition to the fees for the upcoming Support Term.

3.4 Payment: For purchases made directly to Quantum, Customer shall either prepay or complete a credit application (www.quantum.com/credit) requesting payment terms. Qualified Customers shall make payment in full within thirty days from the date of the invoice in the currency quoted. Payment terms are not guaranteed and are subject to approval and ongoing credit history. Any amount not paid by the due date will be subject to a finance charge at the rate equal to the lesser of 1.5% per month or the maximum rate allowed by law. However, payment of such finance charge will not cure Customer's default for late payment. For purchases made through a Quantum Authorized Reseller, Customer shall pay the Reseller pursuant to the terms between the Customer and the Reseller.

4. CANCELLATION

Subject to Quantum's prior written approval, Customer may cancel an order, or any portion thereof, for standard Products at any time prior to thirty days before shipment when shipment is not delayed. This cancellation right is subject to a cancellation charge of fifteen percent of the purchase price.

5. THIRD PARTY PRODUCT

Product sold to Customer by Quantum that is the branded product of a third party ("Third Party Product"), regardless of whether it is identified as Third Party Product on the sales quote issued by Vendor, shall be warranted directly to Customer by the third party. Notwithstanding any provision herein, subject to any non-excluded rights that you may have under the laws in your country, Quantum makes no representations or warranties regarding Third Party Product, and shall have no ongoing obligations to Customer for the support or maintenance of Third Party Product unless expressly agreed to in writing.

6. LIMITED PRODUCT WARRANTY

SUBJECT TO THE LIMITATIONS SET FORTH BELOW, QUANTUM WARRANTS THAT PRODUCTS WILL PERFORM IN ACCORDANCE WITH PRODUCT SPECIFICATIONS FOR THE APPLICABLE PRODUCT WARRANTY PERIOD PUBLISHED BY QUANTUM COMMENCING AT THE TIME OF SHIPMENT. SUBJECT TO ANY NON-EXCLUDABLE RIGHTS THAT YOU MAY HAVE UNDER THE LAWS IN YOUR COUNTRY, CUSTOMER'S SOLE AND EXCLUSIVE REMEDY SHOULD PRODUCT FAIL TO PERFORM ACCORDING TO PRODUCT SPECIFICATIONS, IS REPAIR, REPLACEMENT, OR ACCEPTANCE OF RETURN OF THE DEFECTIVE PRODUCT, AT QUANTUM'S SOLE DISCRETION.

7. LIMITED SERVICES WARRANTY

SUBJECT TO THE LIMITATIONS SET FORTH BELOW, QUANTUM WARRANTS THAT THE SERVICES PROVIDED UNDER THESE TERMS AND CONDITIONS WILL BE FREE FROM DEFECTS IN MATERIALS OR WORKMANSHIP FOR THIRTY DAYS FROM THE DATE SUCH SERVICES ARE RENDERED, OR THE REMAINING TERM OF THE THEN CURRENT AND PAID FOR SUPPORT SERVICE PERIOD, WHICHEVER IS LONGER, AND WILL BE PERFORMED BY FULLY TRAINED AND COMPETENT PERSONNEL.

IN ACCORDANCE WITH INDUSTRY STANDARD TECHNICAL AND PROFESSIONAL PRACTICES AND PROCEDURES. IF A DEFECT COVERED UNDER THIS WARRANTY IS FOUND AND REPORTED TO QUANTUM, SUBJECT TO ANY NON-EXCLUDABLE RIGHTS THAT YOU MAY HAVE UNDER THE LAWS IN YOUR COUNTRY, QUANTUM WILL, AS ITS SOLE RESPONSIBILITY AND LIABILITY AND AS CUSTOMER'S SOLE AND EXCLUSIVE REMEDY, USE COMMERCIALY REASONABLE MEANS TO CORRECT SUCH DEFECT OR REFUND TO CUSTOMER THE SUMS PAID BY CUSTOMER FOR THE DEFECTIVE SERVICES.

8. DISCLAIMERS, AND LIMITATIONS ON LIABILITY

THE FOREGOING WARRANTY SHALL BE VOIDED IF THE PRODUCT IS NOT PROPERLY INSTALLED, USED, OR MODIFIED BY A PERSON OTHER THAN QUANTUM OR QUANTUM AUTHORIZED SERVICE PROVIDER AFTER SERVICES ARE PROVIDED. THIS CLAUSE 8 IS SUBJECT TO ANY NON-EXCLUDABLE RIGHTS THAT YOU MAY HAVE UNDER THE LAWS IN YOUR COUNTRY. THE WARRANTIES EXPRESSED HEREIN ARE THE ONLY WARRANTIES MADE BY QUANTUM WITH RESPECT TO THE PRODUCTS AND SERVICES. QUANTUM DOES NOT WARRANT THAT THE PRODUCTS OR SERVICES WILL MEET ALL CUSTOMER REQUIREMENTS, OR THAT THEY WILL BE UNINTERRUPTED OR ERROR FREE. QUANTUM EXPRESSLY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, OBLIGATIONS, LIABILITIES, CUSTOMER'S RIGHTS AND REMEDIES, EXPRESS OR IMPLIED, ORAL OR WRITTEN, ARISING BY LAW OR OTHERWISE INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY, TITLE, AND FITNESS FOR A PARTICULAR PURPOSE AND THOSE ARISING FROM COURSE OF PERFORMANCE, COURSE OF DEALING AND USAGE OF TRADE. IN NO EVENT SHALL QUANTUM BE LIABLE TO CUSTOMER OR ANY THIRD PARTY FOR INDIRECT, SPECIAL, INCIDENTAL, CONSEQUENTIAL, OR PUNITIVE DAMAGES INCLUDING WITHOUT LIMITATION, LOSS OF USE, LOSS OR ALTERATION OF DATA, DELAYS OR LOST PROFITS OR SAVINGS RELATED TO THE PRODUCTS, THE USE OR LOSS OF USE THEREOF, EVEN IF QUANTUM IS AWARE OF THE POSSIBILITY OF SUCH DAMAGES, AND EVEN IF THE EXCLUSIVE REMEDIES STATED HEREIN FAIL OF THEIR ESSENTIAL PURPOSE. CUSTOMER'S RIGHTS AS STATED HEREIN ARE ITS EXCLUSIVE REMEDIES. EXCEPT FOR QUANTUM'S LIABILITY BASED UPON GROSS NEGLIGENCE, WILLFUL MISCONDUCT AND/OR A VIOLATION OF LAW, QUANTUM'S CUMULATIVE LIABILITY FOR ANY CLAIMS ARISING IN CONNECTION WITH THESE TERMS AND CONDITIONS MAY NOT EXCEED THE MOST RECENT ANNUAL FEE OR THE PRICE PAID FOR THE PRODUCT. Quantum and their subsidiaries, directors, officers, employees and providers shall in no way be liable for any and all actions, causes of action, liability, claims, suits, judgments, liens, awards or damages of any kind and nature whatsoever (hereinafter referred to as "Claims") for property damage, personal injury or death (including without limitation claims brought by and liabilities to employees of Customer or Quantum or to any other persons) and expenses, costs of litigation and reasonable attorneys fees related thereto, to the extent such claims arise from any negligent act or omission or willful misconduct of Customer or any of Customer's employees, agents, buyers or contractors (except for Quantum) arising out of or in any way relating to Quantum's presence on Customer's designated premises for the purposes of providing Services hereunder. No action, whether based on contract, strict liability, or tort, including any action based on negligence, arising out of the performance of services under these Terms and Conditions, may be brought by either party more than one (1) year after such cause of action accrued.

9. PROPRIETARY INFORMATION

Pursuant to these Terms and Conditions, each party (the "disclosing party") may occasionally provide the other (the "receiving party") with its confidential and/or proprietary information (e.g., equipment, services, components, instruction manuals or installation information, trade secrets, know-how, ideas, concepts and methodologies, customers, prices, operations and plans and data, etc.) ("Proprietary Information"). The receiving party acknowledges that use or disclosure of Proprietary Information of the disclosing party in any unauthorized manner will destroy its value to the disclosing party. Unless the disclosing party agrees otherwise in writing, the receiving party (including its employees, agents and contractors) (i) will not sell, disclose, copy or reproduce any Proprietary Information of the disclosing party; (ii) will only permit or allow access to Proprietary Information of the disclosing party to those employees or third parties who require such access in order to perform work on the disclosing party's behalf pursuant to these Terms and Conditions; (iii) agrees to protect the Proprietary Information of the disclosing party as carefully as it would protect its own proprietary information but never less than a reasonable standard of care; (iv) agrees to be responsible for any unauthorized use or disclosure of Proprietary Information of the disclosing party by any of its employees, agents or contractors; and (v) agrees to leave intact all copyright patent, trademark and similar notices in connection with the Proprietary Information of the disclosing party. The parties agree to return all Proprietary Information to the disclosing party upon the termination of these Terms and Conditions.

10. INTELLECTUAL PROPERTY

Customer agrees and acknowledges that Quantum, its suppliers and its licensors are the owners of all right, title and interest in and to Quantum-provided hardware and/or software, and all intellectual property therein, and that Customer shall not obtain or claim any ownership interest in any Quantum-provided hardware and/or software, and all intellectual property therein. Customer agrees and acknowledges that any Quantum hardware and/or software contains the valuable trade secrets and confidential information of Quantum, its suppliers and its licensors, which have been developed at great expense. Customer shall not (i) obscure, alter or remove any patent, copyright, trademark, or service mark marking or legend contained on or in any Quantum-provided hardware or software, (ii) use any Quantum-provided hardware or software except as licensed, or permit or enable any third party to make such use, unless Quantum provides its prior written consent to such use, (iii) copy, distribute or transmit all or any portion of any Quantum-provided hardware or software, (iv) have any other rights or licenses with respect to any Quantum-provided hardware or software, or any intellectual property therein, (v) cause or permit the disclosure, copying, renting, licensing, sublicensing, leasing, dissemination, transfer or other distribution of any Quantum-provided hardware or software by any means or in any form, without the prior written consent of Quantum. Customer shall not reverse engineer, decompile or disassemble any Quantum-provided hardware and/or software or otherwise reduce any Quantum-provided software to human readable form. Customer must provide access to Quantum to allow Quantum to remove any Quantum-provided hardware or software, when and if requested by Quantum.

11. INFRINGEMENT INDEMNIFICATION

Quantum will indemnify Customer for any damages and costs finally awarded against Customer on the grounds that the Products, in the form and condition delivered by Quantum to Customer hereunder, infringe any valid United States patents or copyrights of any third party, provided that Customer notifies Quantum in writing of any such claim within ten days after learning thereof and that Customer

gives Quantum full control over the defense and settlement of the claim and fully cooperates with Quantum with respect thereto. If any such claim is brought or appears to Quantum likely to be brought, Quantum may at its option replace or modify the Products to make them non-infringing, obtain rights for Customer to continue using Products, or refund to Customer, upon the return of the Products at issue and termination of any licenses, the price paid there for, less twenty percent for each year which has passed since the date of delivery hereunder. Customer shall discontinue all use of any portion of the Products that has been replaced or modified or for which such a refund has been tendered. Quantum's obligations hereunder shall not apply to any claim based on Quantum's following Customer's specifications or requests, the use of the Products to practice a process not recommended by Quantum or in conjunction with items not supplied by Quantum, and Customer shall similarly indemnify Quantum with respect to any such claims. THE FOREGOING STATES QUANTUM'S SOLE RESPONSIBILITY, AND CUSTOMER'S SOLE REMEDY, FOR ANY INFRINGEMENTS OF ANY PROPRIETARY RIGHTS.

12. INDEMNIFICATION BY CUSTOMER

Customer shall defend (with counsel approved in advance in writing by Quantum), indemnify and hold Quantum, and its employees, agents, owners, affiliates and customers harmless from and against any and all actions, claims, damages, liabilities, and losses arising from (i) the use, sale, or manufacture by Quantum, Customer or any third party of any of the Products produced, in whole or in part, to Customer's specifications; or (ii) any breach hereof by, or any actions or omissions of Customer or its agents or contractors in connection with the Products or Services.

13. IMPORT/EXPORT/RE-EXPORT COMPLIANCE

Customer shall not unless otherwise authorized by the U.S. Government, supply Products to entities identified on restricted lists (such as Denied Parties List, Debarred Parties, Specially Designated Nationals, Terrorists, Narcotics Traffickers, Blocked Persons and Vessels, or Entity List). Terms of sale or other specific agreement will denote the Importer of Record. Importer of Record shall not violate any import laws, rules, or regulations of the United States and/or any other applicable country. Importer of Record is responsible for all Customs duties and other Customs related fees. Importer of Record is eligible for duty drawback rights to the Products. Quantum shall mark each Product with the country of origin in compliance with the marking requirements of the United States.

14. EXCLUDED USES

During the term of the applicable Product warranty and/or Support Term, Quantum will provide Support Services to Customer. The Support Services shall include unscheduled, on-call Support Services during the hours specified above for the level of Support purchased ("Designated Working Hours"), provided after receipt of notice from Customer that Product is malfunctioning or otherwise appears to require support and after Quantum technical support has determined that an on-site visit is necessary. Support on additional equipment is not covered by these Terms and Conditions. Service on a Quantum recognized holiday will be deferred to the next Quantum Business Day unless 7x24 support is purchased. Recognition of holidays is per custom in each country. A list of Quantum holidays is available upon request from your local service representative. The above reference time frames shall not apply to delivery of non-critical spare parts to remote locations.

16.4.1 Part Replacement: Replaceable parts (as determined by Quantum) shall be designated as either a Customer Replaceable Unit ("CRU") or a Field Replaceable Unit ("FRU"). CRU's shall be replaced by Customer unless CRU replacement by Quantum is purchased pursuant to a Support Contract. FRU's shall be replaced by Quantum. Subject to any non-excludable rights that you may have under the laws in your country, replacement parts shall be either new or reconditioned, and shipped or replaced in accordance with the terms of the level of service purchased. The Product or parts of Product that are removed or replaced, either by Customer or Quantum will become property of Quantum and returned to Quantum. All replacement parts shipped to Customer shall be shipped DAP Customer site in accordance with INCOTERMS 2010. All replaced parts returned to Quantum by Customer shall be shipped DAP designated Quantum return facility in accordance with INCOTERMS 2010. Risk of loss while parts are in the care, custody, and control of Customer shall be with Customer. Damage to, loss of, or failure to return replaced parts shall be charged to the Customer and may result in withholding of support until resolution. Subject to any non-excludable rights that you may have under the laws in your country, IN ORDER TO HAVE ACCESS TO SPARE PARTS, PRODUCT MUST BE COVERED UNDER WARRANTY OR A THEN-CURRENT SUPPORT CONTRACT.

16.4.2 Exclusions: Hardware Support Services do not include: (a) installation or maintenance of any device not quoted by Quantum, including but not limited to wiring, electrical conduits, peripherals, or accessories; (b) replacement of parts and/or services to repair damage resulting from accident, neglect or misuse on the part of a party other than Quantum, or modification of Product not approved, authorized or directed by Quantum; (c) replacement of parts and/or services to repair damage resulting from any act of God, including

but not limited to storms, fires, floods, and earthquakes; (d) replacement of parts and/or services to repair damage caused by failure to provide or maintain adequate or appropriate electrical power, air conditioning, humidity controls, electrical surge protection, or other facilities or environmental conditions unless such failure is caused by the negligent act or omission of Quantum; (e) replacement or reconditioning of Product which Quantum reasonably believes cannot be reliably maintained or repaired because of excessive wear or deterioration not resulting from any negligent act or omission on the part of Quantum; (f) replacement of parts or repair required because Customer or third parties (excluding Quantum), without the approval, authorization, or direction of Quantum, performed services on, modified, adjusted, or moved Product; (g) services in connection with removal, relocation or reinstallation of Product; (h) furnishing or replacing expendable supplies, including media such as cassettes, unless damaged by Quantum; (i) services on Product which Customer has moved without notifying Quantum pursuant to Section 1.5; (j) services performed outside of Designated Working Hours or after the term of these Terms and Conditions; provided, however, that if Quantum begins to perform services which would otherwise be covered Support Services less than two hours before the end of Designated Working Hours, the first two hours immediately following Designated Working Hours are considered covered by these Terms and Conditions; (k) services requested after unauthorized resale, transfer, or other assignment (actual or constructive) of Product to an entity other than Customer; and (l) services required as a result of use of the Product beyond its rated capacity or not in accordance with specifications. WITH THE EXCEPTION OF EVENTS SPECIFIED IN (A), (G), (H), AND (J) ABOVE, THE OCCURRENCE OF ANY OF THESE EVENTS SHALL RENDER THE WARRANTY VOID AND/OR SUBJECT AN EXTENDED SUPPORT CONTRACT TO TERMINATION. Service requested for any of the above exclusions shall be considered Other Services.

16.4.3 Movement of Product: If Customer plans to move the Product, or delete any part of the Product from a Support Services contract, Customer must provide Quantum with 30 days prior written notice. If Customer requests that Quantum dismantle, supervise, inspect, remove or reinstall the Product as part of any move, Quantum will provide a quote for such services. Whether Product is moved by Customer or Quantum, Customer shall be responsible for shipment of Product to new location. Considering the new location of the Product, Quantum may, in its sole discretion: (i) continue performance of Support Services with the condition that Customer is responsible for any additional mileage charges; (ii) terminate the Support Services contract; or (iii) designate a different provider. Movement of Product that is designated non-customer installable as designated by Quantum without notifying Quantum prior to the move, shall void the Product warranty and/or any then current Support Contract. Manufacturer supplied packaging is required to move all or partial units to a new location to ensure safe transit and can be purchased from Quantum if not retained by Customer. Inadequate packaging may void the warranty, subject a support contract to termination and/or require Customer to recertify unit at Customer's cost.

16.4.4 Customer Responsibilities: In addition to responsibilities for fees hereunder, Customer will be responsible for: (a) properly using and controlling access to the Product; (b) permitting Quantum's access to Customer's facilities consistent with Customer's security and operational requirements; (c) promptly notifying Quantum if Customer becomes aware of any unsafe conditions or hazardous materials to which Quantum's personnel may be exposed at any of Customer's facilities; (d) complying with all applicable government laws and regulations; (e) providing prompt notice to Quantum of any malfunction or request for services for the Product; and (f) providing full and accurate Product and service installation descriptions as necessary to allow Quantum to fulfill its duties hereunder.

16.4.5 Firmware: Changes to Firmware which Quantum designates as bug fixes, improvements, or incremental updates are covered under the terms of these Terms and Conditions. The Customer is required to maintain the product at no more than one Firmware revision removed from current production Firmware level to ensure proper operation and servicing for the product. The Customer may be required to upgrade Firmware to latest released level prior to making any CRU or FRU replacements. Quantum will provide Customer with access to non-billable library updates and bug fixes through Quantum's web site for Product under warranty or current Support Contract. Firmware changes that Quantum designates as upgrades, and for which Quantum normally charges its customers, will be provided to Customer for the applicable fee. Quantum will provide Customer with information on any upgrade charges prior to installation of the upgrade. Quantum will also be willing to perform the Firmware upgrade when allowed remote access to the customer's system through the Remote Management Utility ("RMU"). At Quantum's discretion and upon prior notice to Customer, an additional fee may be levied for Firmware upgrades requiring an onsite visit, either as a result of a library not having an RMU, or as a result of Customer's request.

16.5.2 Error Corrections: Quantum will use commercially reasonable efforts to correct any Errors reported by Customer (e.g., by providing a workaround or correction in a Release). If Customer encounters an Error with the Software, Customer must sufficiently define the Error to Quantum so that Quantum can reproduce the reported Error. After receipt of any such written notice of an Error from Customer, Quantum will promptly notify Customer if Quantum cannot reproduce the Error. If Quantum cannot reproduce the Error, Customer will provide such additional information regarding the Error as Quantum may request in order to assist Quantum with reproducing the Error. Customer will provide a separate written notice for each Error encountered by Customer. In its notice of an

Error, Customer will reasonably classify for Quantum the initial priority of the Error. Customer will use the nature of the Error and Customer's business circumstances to initially classify each Error. Customer will classify each Error as a Critical Error, Major Error or Minor Error. To the extent that Quantum disagrees with any Error classification provided by Customer, Quantum will promptly advise Customer of the revised classification of any Error.

16.5.3 New Releases and Feature Upgrades. During such periods that Customer purchases Support Services hereunder and pays all fees in connection therewith, Quantum will make available to Customer any and all new Releases at no additional charge to Customer. Customer will install any and all new Releases within a reasonable time after receipt of such new Release. Support is available only for the Release that is currently shipping and the immediately prior Release. Support for the immediate prior Release shall be available for no longer than 12 months after a new Release is generally available. Any new Release delivered to Customer under these Terms and Conditions will assume the Support Term of designated Software. Quantum will provide Customer with access to new Releases through Quantum's web site (www.Quantum.com). These new Releases and/or patches will be customer installable, with technical assistance available from Quantum's Technical Assistance Center. New Releases containing Feature Upgrades will be available without cost under this section, but will not contain the functionality of the Feature Upgrade unless the Feature Upgrade is purchased at Quantum's then-current list price. Quantum will provide Customer with information on any Feature Upgrade charges prior to installation or activation of the Feature Upgrade. Quantum on-site installation services for new Releases and/or Feature Upgrades shall be available to Customer for a fee, and shall be considered Other Services.

16.5.4 Exclusions. Software Support Services do not include: (i) physical installation or removal of the Software at or from any Customer site; (ii) visits to any Customer site; (iii) any electrical, mechanical or other work with hardware, accessories or other devices associated with the use of the Software; or, (iv) any work with any third party equipment or software. Quantum has no obligation to correct any Error resulting from: (i) use not in accordance with these Terms and Conditions or the Documentation; (ii) modification, damage, misuse or other action of Customer or any third party; (iii) combination of the Software with any goods, services or items provided by Customer or any third party; or (iv) any failure of Customer to comply with these Terms and Conditions or Documentation. Quantum will not be responsible for correcting Errors if Customer fails to implement any Error correction or Releases made available by Quantum. Service requested for any of the above exclusions shall be considered Other Services.

16.5.5 Customer's Responsibilities. Upon Quantum's request, Customer will provide Quantum remote access to Customer's computer systems as reasonably required for Quantum to perform the Support Services and its other obligations hereunder. Except as otherwise set forth in these Terms and Conditions, Customer will provide all hardware, software, services and other items necessary to operate the Software.

17. Notices: All notices, demands, and other communications called for or required by these Terms and Conditions shall be in writing and shall be addressed to the parties at their respective corporate headquarter addresses or to such other address as a party may subsequently designate by ten days' advance written notice to the other party except as otherwise provided in these Terms and Conditions.

18. Integration and Modifications: Each party acknowledges that it has read these Terms and Conditions, understands it, and agrees to be bound by it. The parties further agree that these Terms and Conditions are the complete and exclusive statement of the agreement of the parties with respect to the subject matter hereof, and that it supersedes and merges all prior proposals, understandings, and agreements, whether oral or written, between the parties with respect to the subject matter hereof. Any provisions or conditions of any purchase order or other document submitted by Customer which are in any way inconsistent with or in addition to the terms and conditions set forth in these Terms and Conditions rejected and shall not be binding upon Quantum. No waiver or modification of these Terms and Conditions or of any provision contained herein shall be valid unless in writing and duly executed by Quantum and Customer.

19. Choice of Law: These Terms and Conditions shall be governed by and construed in accordance with the laws of the State of California, USA without regard to any conflict of laws rules thereof. In the event of any dispute arising under these Terms and Conditions, the parties agree to the exclusive jurisdiction of the courts located in Santa Clara County, California. The United Nations Convention on Contracts for the International Sale of Goods shall not apply.

20. Severability and Waiver: In the event that any provision of these Terms and Conditions is held to be invalid, illegal, or unenforceable, such provision shall be enforced to the maximum extent permitted by applicable law and the remaining provisions shall continue in full force and effect. Failure or delay on the part of any party in exercising any rights, power, or privileges under these Terms and Conditions shall not be deemed a waiver of any exercise of any right, power or privilege.

21. Force Majeure: Neither party will be liable hereunder for, or be considered to be in breach of or default under these Terms and Conditions on account of, any delay or failures to perform as required by these Terms and Conditions if such delay or failure is due in whole or substantial part to causes or conditions beyond such party's reasonable control which render timely performance hereunder commercially impracticable, including without limitation strikes, riots, wars, government regulations or acts, acts of God or the elements, fire, flood, material shortages or other causes. The existence of such causes of delay shall justify extension of the time of performance to the extent reasonably necessary to enable such party to satisfy its obligation hereunder after the cause of delay has been removed.

22. Assignment: Neither party may assign its benefits or delegate its obligations under these Terms and Conditions without the advance written consent of the other party unless in the context of a sale of all or substantially all of the assigning parties' assets to another entity who is not a competitor to the non-assigning party and who has a reasonably acceptable credit rating.

Dell Enterprise License Agreement

1. **General.** This Enterprise License Agreement ("ELA") sets forth the legal agreement between _____, and its affiliates who are legally bound by these terms ("Customer") and Dell Products L.P. or Dell Global B.V. (Singapore Branch) on behalf of Dell Inc. and its worldwide affiliates ("Company"). Customer and Dell are each referred to individually as a "party" and collectively as the "parties." The "Software" shall mean collectively the software program described in Exhibit A, the associated media, printed materials, online or electronic documentation, and any copies thereof. Customer acknowledges and agrees that the license provided herein is being granted in consideration of the payment required under Exhibit A. Whenever the Customer is the U.S. Federal Government, or any prime contractor or subcontractor (at any tier) under any contract, grant, cooperative agreement, or other activity with the U.S. Federal Government, the terms and conditions with respect to Customer's use and disclosure of the Software and Documentation shall be set forth in an attached Exhibit B.
2. **License.** Subject to the terms, conditions and limitations of this ELA and timely payment by Customer of the amounts due under Exhibit A, Dell hereby grants Customer a limited, nonexclusive, nontransferable, non-assignable license, without rights to sublicense, to (A) install or have installed, display and use the Software (in object code only) only on as many computers, devices and/or in such configurations as Customer is expressly entitled under Exhibit A, and (B) only for such period as Customer are entitled under Exhibit A. The terms and conditions of this ELA will govern use of the Software and any upgrades, updates, patches, hotfixes and/or additional versions of the Software provided by Dell, at Dell's sole discretion, that replace and/or supplement the original Software (collectively, "Update"), unless such Update is accompanied by or references a separate license agreement, in which case the terms and conditions of that agreement will govern. If this ELA governs Customer's use of an Update, such Update shall be considered Software for purposes of this ELA. Unless earlier terminated as provided herein, the term of each individual license granted under this ELA begins on the date of execution by Customer of this ELA, and continues only for such period as indicated in Exhibit A. Each party recognizes that Dell grants no licenses except for the license expressly set forth herein.
3. **License Limitations.** Customer may not copy the Software except for a reasonable number of copies solely as needed for backup or archival purposes or as otherwise expressly permitted in Section 2 "License" above. Customer may not modify or remove any titles, trademarks or trade names, copyright notices, legends, or other proprietary notices or markings on or in the Software. The rights granted herein are limited to Dell's and its licensors' and suppliers' intellectual property rights in the Software and do not include any other third party's intellectual property rights. If the software was provided to Customer on removable media (e.g., CD, DVD, or USB drive), Customer may own the media on which the Software is recorded but Dell, Dell's licensor(s) and/or supplier(s) retain ownership of the Software itself and all related intellectual property rights. Customer is not granted any rights to any trademarks or service marks of Dell. This ELA does not apply to any third party software that is not included as part of the Software or addressed in Exhibit A. The use of any other software, including any software package or file, whether licensed to Customer by Dell or by a third party, is subject to the terms and conditions that come with or are associated with such software.
4. **Rights Reserved.** THE SOFTWARE IS LICENSED, NOT SOLD. Except for the license expressly granted in this ELA, Dell, on behalf of itself and its licensors and suppliers, retains all right, title, and interest in and to the Software and in all related content, materials, copyrights, trade secrets, patents, trademarks, derivative works and any other intellectual and industrial property and proprietary rights, including registrations, applications, renewals, and extensions of such rights (the "Works"). The rights in these Works are valid and protected in all forms, media and technologies existing now or hereinafter developed and any use other than as contemplated herein, including the reproduction, modification, distribution, transmission, adaptations, translation, display, republication or performance of the Works, except as specifically permitted herein, is strictly prohibited. Dell, on behalf of itself and its licensors and suppliers, retains all rights not expressly granted herein.
5. **Restrictions.** Except as otherwise provided herein or expressly agreed by Dell, Customer may not, and will not allow a third party to: (A) sell, lease, license, sublicense, assign, distribute or otherwise transfer or encumber in whole or in part the Software; (B) provide, make available to, or permit use of the Software in whole or in part by, any third party, including contractors, without Dell's prior written consent, unless such use by the third party is subject to the terms and conditions of this ELA and Customer is liable for any breach of this ELA by such third party; (C) copy, reproduce, republish, upload, post, transmit or distribute the Software in any way; (D) decompile, disassemble, reverse engineer, or otherwise attempt to derive source code (or underlying ideas, algorithms, structure or organization) from the Software program, in whole or in part; (E) modify or create derivative works based upon the Software; (F) use the Software on a service bureau, rental or managed services basis or permit other individuals or entities to create Internet "links" to the Software or "frame" or "mirror" the Software on any other server or wireless or Internet-based device; or (G) use the Software to create a competitive offering. Customer may not, and will not allow a third party to, use the Software program in excess of the number of licenses expressly authorized by Exhibit A. In addition, Customer may not share the results of any benchmarking activities without Dell's prior written consent.
6. **Compliance.** Customer will certify in writing, upon reasonable request by Dell, Customer's compliance with the terms of this ELA, indicating the number of Software licenses deployed at that time. Customer grants Dell or an agent selected by Dell, the right to perform an audit of Customer's compliance with this ELA during normal business hours. Customer agrees to cooperate and provide Dell with all records reasonably related to Customer's compliance with this ELA. If, as a result of the audit, a deficiency of greater than five percent (5%) is found in the licensee fees paid, then Customer shall bear the total cost of the audit, in addition to any other liabilities Customer may have.
7. **Support and Subscription Services Not Included.** Dell does not provide any maintenance or support services under this ELA. Maintenance and support services, if any, are provided under a separate agreement. Additionally, this ELA, in and of itself, does not entitle Customer to any Updates at any time in the future.
8. **Termination.** Dell may terminate this ELA immediately and without prior notice if Customer fails to comply with any term or condition of this ELA or if Customer fails to timely pay for the licenses to the Software. In addition, Dell may terminate any license associated with Software distributed for free at any time in its sole discretion. In the event of termination of this ELA, all licenses granted hereunder shall automatically terminate and Customer must immediately cease use of the Software and return or destroy all copies of the Software. The parties recognize and agree that their obligations under Sections 4, 5, 11, 12, 13, 15, 16, 18 and 19 of this ELA, as well as obligations for payment, survive the cancellation, termination, and/or expiration of this ELA and/or the license granted hereunder.
9. **Export, Import and Government Restrictions.** Customer is advised that the Software is subject to U.S. export laws as well as the laws of the country where it is delivered or used. Customer agrees to abide by these laws. Under these laws, the Software may

not be sold, leased, or transferred to restricted countries (currently Cuba, Iran, North Korea, Sudan and Syria), restricted end-users, or for restricted end-uses. Customer specifically agrees that the Software will not be used for activities related to weapons of mass destruction, including but not limited to, activities related to the design, development, production or use of nuclear materials, nuclear facilities, or nuclear weapons, missiles or support of missile projects, or chemical or biological weapons. Customer understands that certain functionality of the Software, such as encryption or authentication, may be subject to import restrictions in the event Customer transfers the Software from the country of delivery and Customer is responsible for complying with applicable restrictions.

10. **Limited Warranty.** Dell has the right to grant the licenses to the Software, and such Software will substantially conform in material respects to the functional specifications and current documentation provided by Dell with the Software. This limited warranty is not transferable and extends only for thirty (30) days from the date of delivery of the Software. This limited warranty does not cover damages, defects, malfunctions or failures caused by any unauthorized modification by Customer, or Customer's agents, of the Software; any abuse, misuse or negligent acts of Customer; modification by Customer of any interfaces or any software or hardware interfacing with the Software; or any failure by Customer to follow Dell's installation, operation or maintenance instructions. EXCEPT FOR THE PRECEDING EXPRESS LIMITED WARRANTY, DELL MAKES, AND CUSTOMER RECEIVES, NO OTHER WARRANTIES RELATED TO THE SOFTWARE WHETHER EXPRESS, IMPLIED OR STATUTORY, AND DELL SPECIFICALLY DISCLAIMS ANY IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND NON-INFRINGEMENT. DELL DOES NOT WARRANT THAT THE FUNCTIONS OF THE SOFTWARE WILL MEET CUSTOMER'S REQUIREMENTS OR THAT OPERATION OF THE SOFTWARE WILL BE UNINTERRUPTED OR ERROR FREE. CUSTOMER ASSUMES RESPONSIBILITY FOR SELECTING THE SOFTWARE AND THE RESULTS ACHIEVED. CUSTOMER'S SOLE AND EXCLUSIVE REMEDY, AND DELL'S ENTIRE LIABILITY FOR BREACH OF THE WARRANTIES PROVIDED HEREIN, IS FOR DELL, AT ITS SOLE DISCRETION, TO EITHER USE COMMERCIALY REASONABLE EFFORTS TO REMEDY ANY NON-CONFORMANCE OR TO PROVIDE A REFUND OF THE LICENSE FEES PAID BY CUSTOMER TO DELL FOR THE SOFTWARE. THIS DISCLAIMER OF WARRANTY MAY NOT BE VALID IN SOME JURISDICTIONS AND CUSTOMER MAY HAVE WARRANTY RIGHTS UNDER LAW WHICH MAY NOT BE WAIVED OR DISCLAIMED -- ANY SUCH WARRANTY EXTENDS ONLY FOR THIRTY (30) DAYS FROM THE DATE OF DELIVERY OF THE SOFTWARE.
11. **Limitation of Liability.** DELL WILL NOT BE LIABLE FOR ANY INCIDENTAL, INDIRECT, PUNITIVE, SPECIAL OR CONSEQUENTIAL DAMAGES, ARISING OUT OF OR IN CONNECTION WITH THIS ELA AND/OR THE SOFTWARE. DELL SHALL HAVE NO LIABILITY FOR THE FOLLOWING: (A) LOSS OF REVENUE, INCOME, PROFIT, OR SAVINGS, (B) LOST OR CORRUPTED DATA OR SOFTWARE, LOSS OF USE OF SYSTEM(S) OR NETWORK(S), OR THE RECOVERY OF SUCH, (C) LOSS OF BUSINESS OPPORTUNITY, (D) BUSINESS INTERRUPTION OR DOWNTIME, (E) LOSS OF GOODWILL OR REPUTATION, OR (F) SOFTWARE NOT BEING AVAILABLE FOR USE OR THE PROCUREMENT OF SUBSTITUTE SOFTWARE OR GOODS.

NOTWITHSTANDING ANYTHING TO THE CONTRARY SET FORTH IN THIS ELA, DELL'S TOTAL LIABILITY FOR ANY AND ALL CLAIMS ARISING OUT OF OR IN CONNECTION WITH THIS ELA AND/OR THE SOFTWARE SHALL NOT

EXCEED THE TOTAL AMOUNT RECEIVED BY DELL FOR THE PARTICULAR SOFTWARE GIVING RISE TO SUCH CLAIM(S). THIS PARAGRAPH SHALL NOT LIMIT CUSTOMER'S PAYMENT OBLIGATIONS OR LIABILITY FOR MISAPPROPRIATION OR INFRINGEMENT OF DELL'S INTELLECTUAL PROPERTY. DELL SHALL NOT BE LIABLE TO CUSTOMER FOR ANY CLAIM BROUGHT MORE THAN TWO YEARS AFTER THE CAUSE OF ACTION FOR SUCH CLAIM FIRST AROSE.

The foregoing limitations, exclusions and disclaimers shall apply, regardless of whether the claim for such damages is based in contract, warranty, strict liability, negligence, tort or otherwise, for any claim. Insofar as applicable law prohibits any limitation on liability herein, the parties agree that such limitation will be automatically modified, but only to the extent so as to make the limitation compliant with applicable law. The parties agree that the limitations on liabilities set forth herein are agreed allocations of risk and such limitations will apply notwithstanding the failure of essential purpose of any limited remedy and even if a party has been advised of the possibility of any such liability.

12. **Indemnification.** Dell shall defend and indemnify Customer against any third-party claim or action that the Software (specifically excluding third-party and open source software) infringes or misappropriates that third party's patent, copyright, trade secret, or other intellectual property rights ("Indemnified Claims"). In addition, if Dell receives prompt notice of an Indemnified Claim that, in Dell's reasonable opinion, is likely to result in an adverse ruling, then Dell shall at its sole discretion, (A) obtain a right for Customer to continue using such Software; (B) modify such Software; (C) replace such Software with a non-infringing substitute; or (D) provide a reasonable depreciated or pro rata refund for the allegedly infringing Software. Notwithstanding the foregoing, Dell shall have no obligation under this Section for Indemnified Claims resulting or arising from: (i) modifications of the Software that were not performed by or on behalf of Dell; (ii) the operation, use, or combination with a third-party product, software or service (the combination of which causes the claimed infringement) of the Software; or (iii) Dell's compliance with Customer's specifications or directions, including the incorporation of any software or other materials or processes provided by or requested by Customer (collectively, "Excluded Indemnified Claims"). Dell's duty to indemnify and defend is contingent upon: (a) Customer providing Dell with prompt written notice of the third-party claim or action, (b) Dell having the right to solely control the defense and settlement of such claim or action, and (c) Customer's cooperation with Dell in defending and resolving such claim or action. This section states Customer's exclusive remedies for any third-party intellectual property claim or action, and nothing in this ELA or elsewhere will obligate Dell to provide any greater indemnity to Customer. Customer, at Customer's expense, shall defend and indemnify Dell against any claim, action or proceeding brought against Dell which arises from or is in any manner connected with Excluded Indemnified Claims.
13. **Confidentiality.** Customer agree to: (A) refrain from using Confidential Information except as necessary to exercise the rights herein and (B) use best efforts to preserve and protect the confidentiality of the Confidential Information. "Confidential Information" means any oral, written, graphic or machine-readable information disclosed by Dell that is (i) identified as confidential; (ii) designated in writing to be confidential or proprietary; or (iii) should be reasonably understood to be confidential. Confidential Information includes the Software and its trade secrets, including but not limited to source code, the development status of the Software, the appearance, content and flow of the user interface of the Software, and the content and documentation of the Software. Confidential Information does not include information that is (a) publicly available other than through a breach of this ELA; (b)

known to Customer prior to such disclosure; or (c) subsequently lawfully obtained by Customer from a third party that has no obligations of confidentiality. Customer agrees that, without Dell's prior written consent, Customer will not grant access to any Dell Confidential Information to any persons or entities except for Customer's employees and agents who have a business need to have such access and who are obligated to maintain the confidentiality thereof as set forth herein. In some, limited circumstances, Dell may need to engage a third party to fulfill its obligations to Customer under this license. By using this software Customer agrees that Dell may provide Customer's information to such third party for that purpose. Any feedback or other information that is provided to Dell relating to the Software or this ELA shall be considered Dell Confidential Information. Such feedback shall be treated by Dell on a non-confidential and unrestricted basis, and Dell shall have full rights, title and ownership of such feedback.

14. **Open Source and Third Party Software.** A portion of the Software may contain or consist of open source or third party software, which Customer may use under the terms and conditions of the specific license under which the open source or third party software is distributed. THIS OPEN SOURCE AND THIRD PARTY SOFTWARE IS PROVIDED "AS IS" WITHOUT ANY WARRANTY, EXPRESS, IMPLIED, OR OTHERWISE, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT. AS IT RELATES TO ANY AND ALL CLAIMS ARISING OUT OF OR IN CONNECTION WITH OPEN SOURCE OR THIRD PARTY SOFTWARE, DELL SHALL HAVE NO LIABILITY FOR ANY DIRECT, INDIRECT, INCIDENTAL, PUNITIVE, SPECIAL OR CONSEQUENTIAL DAMAGES. Under certain open source software licenses, Customer is also entitled to obtain the corresponding source files. Customer may find corresponding source files for the Software at <http://opensource.dell.com> or other locations that may be specified to Customer by Dell.
15. **Jurisdiction/Injunction.** This ELA is governed by the laws of the State of Texas, U.S.A. without regard to conflict of law principles. The United Nations Convention for the International Sale of Goods shall not apply. Customer agrees that money damages would be an inadequate remedy for Dell in the event of a breach or threatened breach by Customer of the provisions set forth in this ELA; therefore, in the event of a breach or threatened breach of any such provisions, Dell may, in addition to any other remedies afforded to it by law or equity, immediately obtain and enforce an injunction from any court of law or equity prohibiting Customer from

breaching such provisions. All rights and remedies afforded Dell by law shall be cumulative and not exclusive. THE PARTIES HEREBY UNCONDITIONALLY WAIVE THEIR RESPECTIVE RIGHTS TO A JURY TRIAL OF ANY CLAIM OR CAUSE OF ACTION ARISING DIRECTLY OR INDIRECTLY OUT OF, RELATED TO, OR IN ANY WAY CONNECTED WITH THE PERFORMANCE OR BREACH OF THIS ELA, AND/OR THE RELATIONSHIP THAT IS BEING ESTABLISHED AMONG THEM.

16. **No Waiver.** No waiver of breach or failure to exercise any option, right, or privilege under the terms of this ELA on any occasion shall be construed to be a waiver of a subsequent breach or right to exercise any option, right, or privilege.
17. **No Assignment.** Customer may not assign or transfer Customer's interests, rights or obligations under this ELA by written agreement, merger, consolidation, operation of law or otherwise, without the prior written consent of an authorized executive officer of Dell. Any attempt to assign this ELA by Customer shall be null and void.
18. **Entire Agreement.** Unless Customer has entered into another written agreement with respect to the Software which has been signed by Customer and an authorized representative of Dell and which conflicts with the terms of this ELA, Customer agrees that this ELA supersedes all prior written or oral agreements, warranties or representations, including any and all other click-wrap, shrink-wrap or similar licenses or agreements, with respect to the Software. No amendment to or modification of this ELA, in whole or in part, will be valid or binding unless it is in writing and executed by authorized representatives of both parties. If any term of this ELA is found to be invalid or unenforceable, the remaining provisions will remain effective. Customer agrees that any principle of construction or rule of law that provides that an agreement shall be construed against the drafter shall not apply to the terms and conditions of this ELA. Customer represents that it has read this ELA, has had the opportunity to review it with local counsel, understands it, and agrees to be bound by all terms and conditions stated herein.
19. **Notices.** Notice to Dell under this ELA must be in writing and sent to the address below or to such other address (including facsimile or e-mail) as specified in writing, and will be effective upon receipt.

3. Purchase of the software is subject to the terms and conditions of Exhibit B of the ELA.

Exhibit B

Terms & Conditions Applicable to the Purchase or Use of Licensed Software by the U.S. Government

1. This Section applies whenever the Customer is the U.S. Federal Government, or any prime contractor or subcontractor (at any tier) under any contract, grant, cooperative agreement, or other activity with the U.S. Federal Government. In such case, the terms and conditions of this Exhibit B shall pertain to the Customer's use and disclosure of the Software and Documentation, and shall supersede any conflicting contractual terms or conditions. To the extent that it is held by a court or board of competent jurisdiction that any part of any provision of the ELA is invalid or unenforceable under applicable law, said part shall be ineffective to the extent of such invalidity or unenforceability only, without in any way affecting the remaining parts of said provision or the remaining provisions of said license agreement.
2. The software and documentation are "commercial items" as that term is defined at 48 C.F.R. 2.101; consisting of "commercial computer software" and "commercial computer software documentation" as such terms are used in 48 C.F.R. 12.212. Consistent with 48 C.F.R. 12.212 and 48 C.F.R. 227.7202-1 through 227.7202-4, all U.S. Government end users acquire the software and documentation with only those rights set forth herein. Sections 13 and 16 of this ELA shall not apply to the U.S. Federal Government but shall continue to apply to prime contractors and subcontractors of the U.S. federal government. Disputes with the U.S. Federal Government shall be subject to resolution pursuant to the Contract Disputes Act of 1978, as amended. All other provisions of this ELA remain in effect as written.
3. Purchase of Software licenses is subject to the terms and conditions of (a) U.S. General Services Administration Multiple Award Schedule 70 Contract GS-35F-4076D; or (b) other such U.S. Government Federal Acquisition Regulation Part 12 Commercial Item prime and/or subcontracts in which the Dell Enterprise License Agreement to which this Exhibit B is attached is incorporated either in its entirety or by reference, and all Delivery Orders and Task Orders issued thereunder which include the Exhibit A software.
4. Use of the software is subject to the terms and conditions of the Dell Enterprise License Agreement to which this Exhibit B is attached.
5. Listed below are changes to the Dell Enterprise License Agreement applicable to the purchase of licensed Software by the United States Government.

ELA Section

1. **General.** The definition of "Company" is Dell Products L.P. on behalf of Dell Marketing L.P and / or Dell Federal Systems L.P.
2. **License.** In the event a separate license agreement accompanies or is referenced by an Update, the U.S. Government shall have a right, prior to delivery of the Update, to review such license agreement before accepting the terms and conditions contained therein.
3. **License Limitations.** The language "to which the U.S. Government will have a right to review before agreement to such terms and conditions" is added to the last sentence.
5. **Restrictions.** In subsection (B), the phrase "and Customer is liable for any breach of this ELA by such third party" is deleted. The Government has no liability to third-parties under this ELA.
6. **Compliance.** This provision in the ELA is deleted and replaced with the following:

"Customer will certify in writing, upon reasonable request by Dell, Customer's compliance with the terms of this ELA, indicating the number of Software licenses deployed at that time. Customer grants Dell or an agent selected by Dell, the right to perform an audit of Customer's compliance with this ELA during normal business hours and in a manner that does not interfere unreasonably with your operations. Any auditor selected by Dell or an agent of Dell is subject to approval of the Government, which shall not be unreasonably withheld. As an alternative, Dell may require Customer to accurately complete a self-audit relating to the Software. In the event the audit finds a deficiency of greater than five percent (5%) in the licensee fees paid, then such shall be considered a change and resolved under the Changes clause of the applicable contract (FAR 52.212-4(c)). And in the event such a change

cannot be negotiated in a commercially reasonable time, the same shall be considered a dispute under Contract Disputes Act of 1978, as amended ("CDA")."

8. **Termination.** The termination provision is deleted and replace with the following:
 "This ELA and the license granted to Customer to use the Software hereunder shall be terminated (i) by Company, if such remedy is granted after conclusion of the Contract Disputes Act dispute resolution process or if such remedy is otherwise available to Company under United States federal law; or (ii) by Customer, at its option in accordance with FAR 52.212-4. Upon any termination, Customer shall promptly return the Software and any copies thereof in any form. Company will not have any obligation to refund any portion of any license fee upon the termination of this ELA if after the Contract Disputes Act dispute resolution process a Court or administrative board determines that the End User materially breached any provision of this ELA. Sections 4, 5, 11, 12, 13, 15, 16, 18, 19 of this ELA, as well as Exhibit A payment obligations, shall survive termination, cancellation, and/or expiration of this ELA and/or the license granted hereunder."
11. **Limitation of Liability.** The language in this Section 11 is deleted and replaced with the following:
 "IN NO EVENT SHALL COMPANY BE LIABLE FOR ANY INCIDENTAL, CONSEQUENTIAL, PUNITIVE OR SIMILAR DAMAGES OF ANY KIND ARISING UNDER OR IN ANY WAY RELATED TO THE SOFTWARE OR THIS ELA. EXCEPT AS IT RELATES TO INDEMNIFICATION FOR INFRINGEMENT REFERENCED IN SECTION 12 IN NO EVENT SHALL COMPANY'S AGGREGATE LIABILITY ARISING UNDER OR IN ANY WAY RELATED TO THE SOFTWARE OR THIS ELA EXCEED THE AGGREGATE LICENSE FEES PAID FOR THE LICENSE GRANTED HEREUNDER, EXCLUDING REPROCUREMENT COSTS. THE FOREGOING LIMITATIONS SHALL APPLY REGARDLESS OF THE FORM OF ANY CLAIM HEREUNDER, WHETHER FOR BREACH OF ANY WARRANTY, FOR BREACH OR REPUDIATION OF ANY OTHER TERM OR CONDITION OF THIS AGREEMENT OR ANY RELATED WRITING, FOR NEGLIGENCE, ON THE BASIS OF STRICT LIABILITY, OR OTHERWISE. This clause shall not impair the U.S. Government's right to recover for fraud or crimes arising out of or related to Company's Multiple Award Schedules Contract under any federal fraud statute, including the False Claims Act, 31 U.S.C. §§ 3729-3733."
12. **Indemnification.** Subparagraph (b) of this section is deleted and replaced with the following:
 "(b) Dell having the right to solely control the defense and settlement of such claim or action provided that for the U.S. Government the control of the defense is subject to 28 USC 516."
 The last sentence of this section, "Customer, at Customer's expense, shall defend and indemnify Dell against any claim, action or proceeding brought against Dell which arises from or is in any manner connected with Excluded Indemnified Claims" is deleted.
15. **Jurisdiction/Injunction.** This section does not apply to the Government, but shall apply to prime and subcontractors to the Government. Disputes with the Government shall be subject to resolution pursuant to the CDA.
17. **No Assignment.** This paragraph is deleted and number 17 is marked "Reserved."
18. **Entire Agreement.** The language in this Section 18 is deleted and replaced with the following:
 "This ELA (a) constitutes the entire agreement between the parties with respect to the licensing of the Software and supersedes any prior negotiations, proposals, representations and agreements relating specifically thereto; (b) may only be changed by a writing signed by the parties specifically referencing this ELA; (c) shall be interpreted in accordance with the federal laws of the United States of America; and (d) is not assignable, in whole or in part, by either party. Any prohibited assignment is null and void. Failure by either party to enforce any term hereof shall not be deemed a waiver. All claims arising out of or relating to this ELA shall be resolved in accordance with the Contracts Disputes Act of 1978. In the event any provision of this EULA is declared invalid, the remainder shall continue in binding effect."

By downloading or obtaining and using this software, you are consenting to be bound by the terms of this agreement, which includes the software license and software disclaimer of warranty. If the ordering activity is a US Government entity, this clause is waived until and unless the US Government or an authorized contracting officer has reviewed and officially accepted all terms and conditions to bind the parties.

This agreement constitutes the complete agreement between you and licensor. If you do not agree to the terms of this agreement, cease to use the product immediately and destroy any copies that you have made.

SOFTWARE LICENSE

"The software" shall be taken to mean the software contained in this package, downloaded from Licensor's website, or included within a hardware device and any subsequent versions or upgrades received as a result of having purchased this package. "Licensee" shall be taken as the original purchaser of the software.

Licensee has the non-exclusive right to use the software only on a single computer. Licensee may not electronically transfer the program from one computer to another over any type of network. This license does not entitle you to any future upgrades or updates of software or configuration files, although Licensor may decide to make such upgrades or configuration file updates available with or without an associated fee.

Licensee's use of the software indicates his/her acceptance of these terms and conditions. If Licensee does not agree to these conditions, then he or she must return any distribution media, documentation, and associated materials to the vendor from whom the software was purchased, and erase the software from any and all storage devices upon which it may have been installed or otherwise stored.

DATA SHEET

TEGILE ZEBI STORAGE ARRAYS

7X the performance and up to 75% less capacity required than legacy arrays!

Server and desktop virtualization has changed the rules in the data center – again. It has made the ongoing struggle between managing cost per terabyte and cost per I/O more difficult to manage than ever. Solidstate drives (SSD) have been added to legacy storage systems as a tier, but their architectures are not well suited for solid-state technology. Other new vendors have developed SSD only arrays and claim competitive cost structures with compression and de-duplication technology to get their costs under control.

Tegile™ Systems has a more balanced approach. Our Zebi™ arrays leverage the performance of SSD and low cost per TB of high capacity disk drives to deliver five times the performance and up to 75% less capacity required than legacy arrays. We don't simply use SSDs as a tier of storage in our arrays, Tegile has architected the performance benefits of SSDs throughout the data path, giving every application a performance boost.

7X the Performance

Through the deep integration of SSD and caching technologies, Tegile systems deliver five times the performance of legacy arrays. These performance gains are recognized by applications even when their data ultimately lands on hard disk drives. High IOPS and low latency for everyone.

Up to 75% Less Capacity Required

In-line compression and de-duplication are used on SSD and hard disk drive media throughout the array. This allows customers to significantly reduce their acquisition and operational cost of storage. All application data is reduced – not just secondary applications, and not in a post-process manner.

NAS and SAN from the Same Array

Enjoy the flexibility of choice in how your storage is connected to your servers. Fibre Channel and iSCSI block protocols are supported, while both NFS and CIFS file protocols are available for NAS environments. No more silos of storage in your data center.

Built in Business Continuity

Integrated snapshot and remote replication functionality shrink backup windows down to next to nothing and eliminates the need for backup software. Our thin replication

feature only transmits changed data to reduce the burden on the WAN as well, saving even more.

Storage Simplified

Tegile's arrays are dramatically easier to manage than legacy systems. Application optimized templates accelerate the provisioning process and implement best practices in a single mouse click. Backup and replication are built in – no complex back-end software to manage. Best yet – all of our software is included in a single license.

Purpose Built for Virtualization

One-click virtual machine optimized storage creation can deploy hundreds of virtual machines and desktops in minutes, not hours. Built-in backup and data replication via unlimited snapshots, cloning, and instantaneous restores keeps virtual machines and desktops protected.

About Tegile Systems, Inc.

Tegile is pioneering a new generation of affordable feature-rich storage arrays that are up to 7X faster and require up to 75% less capacity than standard arrays. IT departments use these Zebi arrays to reduce the cost and increase the performance of demanding virtualization, file share and database applications.

[Product Name]

Novell® Software License Agreement

PLEASE READ THIS AGREEMENT CAREFULLY. BY INSTALLING, DOWNLOADING OR OTHERWISE USING THE SOFTWARE, YOU AGREE TO THE TERMS OF THIS AGREEMENT. IF YOU DO NOT AGREE WITH THESE TERMS, DO NOT DOWNLOAD, INSTALL OR USE THE SOFTWARE AND, IF APPLICABLE, RETURN THE ENTIRE UNUSED PACKAGE TO THE RESELLER WITH YOUR RECEIPT FOR A REFUND. THE SOFTWARE MAY NOT BE SOLD, TRANSFERRED, OR FURTHER DISTRIBUTED EXCEPT AS AUTHORIZED BY NOVELL.

This Novell Software License Agreement ("Agreement") is a legal agreement between You (an entity or a person) and Novell, Inc. ("Novell"). The software product identified in the title of this Agreement for which You have acquired licenses, any media and accompanying documentation (collectively the "Software") is protected by the copyright laws and treaties of the United States ("U.S.") and other countries and is subject to the terms of this Agreement. Any update or support release to the Software that You may download or receive that is not accompanied by a license agreement expressly superseding this Agreement is Software and governed by this Agreement. If the Software is an update or support release, then You must have validly licensed the version and quantity of the Software being updated or supported in order to install or use the update or support release.

The Software may include or be bundled with other software programs licensed under different terms and/or licensed by a licensor other than Novell. Use of any software programs accompanied by a separate license agreement is governed by that separate license agreement. Any third party software that may be provided with the Software is included for use at Your option.

LICENSED USE

Commercial Software.

[License Grant specific to product is described here.]

Evaluation Software. If the Software is an evaluation version or is provided to You for evaluation purposes, then Your license to use the Software is limited solely to internal evaluation purposes and in accordance with the terms of the evaluation offering under which You received the Software and expires 90 days from installation (or such other period as may be indicated within the Software). Upon expiration of the evaluation period, You must discontinue use of the Software, return to an original state any actions performed by the Software, and delete the Software entirely from Your system. The Software may contain an automatic disabling mechanism that prevents its use after a certain period of time, so You should back up Your system and take other measures to prevent any loss of files or data.

RESTRICTIONS

License Restrictions. Novell reserves all rights not expressly granted to You. The Software is licensed for Your internal use only. You may not (1) reverse engineer, decompile, or disassemble the Software except and only to the extent it is expressly permitted by applicable law; (2) modify, alter, rent, timeshare host or lease the Software or sublicense any of Your rights under this Agreement; or (3) transfer the Software or Your license rights under this Agreement, in whole or in part, without written permission by Novell.

Suite Licenses. If Your license to use the Software is for a suite of products, then for each license only one user may use the products in the suite. The suite license does not allow use of individual products in the suite by multiple users if licensed on a user basis or multiple devices if licensed on a device or server basis.

Upgrade Protection. If You purchased upgrade protection or maintenance under a Novell program for this Software, the upgrade protection or maintenance only entitles You to upgrades of the Software as a whole and does not entitle You to upgrades of any component programs or products bundled with the Software or any individual products included in a suite if the Software is licensed as a suite of products. You may separately purchase upgrade protection for individual components of the Software if permitted by the applicable Novell policies and programs.

Upgrade Software. This section applies to You if You have purchased the Software based upon upgrade pricing. "Original Product" means the product from which You are upgrading. You are authorized to use the Software only if You are the authorized user of the Original Product and You meet the following conditions: (1) You have acquired the right to use the Software solely to replace the Original Product that You acquired legally and that is qualified to be upgraded with the Software under the Novell policies existing at the time You acquired the Software; (2) You installed and used the Original Product in accordance with the terms and conditions of the applicable license agreement; and (3) You will not sell or otherwise transfer possession of the Original Product.

Support. Novell has no obligation to provide support unless You purchase an offering that expressly includes support services. If You make such a purchase and no separate agreement specifically applies to the support services, then the terms of this Agreement will govern the provision of such support services ("Services"). For more information on Novell's current support offerings, see <http://www.novell.com/support>.

OWNERSHIP

No title to or ownership of the Software is transferred to You. Novell and/or its licensors retain all right, title and interest in and to all intellectual property rights in the Software and Services, including any adaptations or copies thereof. You acquire only a conditional license to use the Software.

LIMITED WARRANTY

For ninety (90) days from Your date of purchase, Novell warrants that (1) any media on which the Software is delivered is free from physical defects; and (2) the Software will substantially conform to the documentation accompanying the Software. If the defective items are returned to Novell or if You report the nonconformity to Novell within ninety (90) days from the date of purchase, Novell will at its sole discretion either resolve the nonconformity or refund the license fees You paid for the Software. SUCH SOFTWARE IS PROVIDED "AS IS" WITHOUT ANY WARRANTIES OF ANY KIND.)

Services. Novell warrants that any Services purchased will be supplied in a professional manner in accordance with generally accepted industry standards. This warranty will be effective for ninety (90) days following delivery of the Services. Upon any breach of this warranty, Novell's only obligation is to either correct the Services so that they comply with this warranty or at its option refund the amount You paid to Novell for the portion of the Services that fail to comply with this warranty. As files may be altered or damaged in the course of Novell providing technical services, You agree to take appropriate measures to isolate and back up Your systems.

THE SOFTWARE IS NOT DESIGNED, MANUFACTURED OR INTENDED FOR USE OR DISTRIBUTION WITH ON-LINE CONTROL EQUIPMENT IN HAZARDOUS ENVIRONMENTS REQUIRING FAIL-SAFE PERFORMANCE, SUCH AS IN THE OPERATION OF NUCLEAR FACILITIES, AIRCRAFT NAVIGATION, COMMUNICATION, OR CONTROL SYSTEMS, DIRECT LIFE SUPPORT MACHINES, WEAPONS SYSTEMS, OR OTHER USES IN WHICH FAILURE OF THE SOFTWARE COULD LEAD DIRECTLY TO DEATH, PERSONAL INJURY, OR SEVERE PHYSICAL OR ENVIRONMENTAL DAMAGE.

THE SOFTWARE IS ONLY COMPATIBLE WITH CERTAIN COMPUTERS AND OPERATING SYSTEMS. THE SOFTWARE IS NOT WARRANTED FOR NON-COMPATIBLE SYSTEMS. Call Novell or Your reseller for information about compatibility.

Non-Novell Products. The Software may include or be bundled with hardware or other software programs or services licensed or sold by an entity other than Novell. **NOVELL DOES NOT WARRANT NON-NOVELL PRODUCTS OR SERVICES. ANY SUCH PRODUCTS OR SERVICES ARE PROVIDED ON AN "AS IS" BASIS. WARRANTY SERVICE IF ANY FOR NON-NOVELL PRODUCTS IS PROVIDED BY THE PRODUCT LICENSOR IN ACCORDANCE WITH THE APPLICABLE LICENSOR WARRANTY.**

EXCEPT AS OTHERWISE RESTRICTED BY LAW, NOVELL DISCLAIMS AND EXCLUDES ANY AND ALL IMPLIED WARRANTIES INCLUDING ANY WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE OR NON-INFRINGEMENT. NOVELL MAKES NO WARRANTY, REPRESENTATION OR PROMISE NOT EXPRESSLY SET FORTH IN THIS LIMITED WARRANTY. NOVELL DOES NOT WARRANT THAT THE SOFTWARE OR SERVICES WILL SATISFY YOUR REQUIREMENTS OR THAT THE OPERATION OF THE SOFTWARE OR SERVICES WILL BE UNINTERRUPTED. Some jurisdictions do not allow certain disclaimers and limitations of warranties, so portions of the above limitations may not apply to You. This limited warranty gives You specific rights and You may also have other rights which vary by state or jurisdiction.

LIMITATION OF LIABILITY

Consequential Losses. NEITHER NOVELL NOR ANY OF ITS LICENSORS, SUBSIDIARIES, OR EMPLOYEES WILL IN ANY CASE BE LIABLE FOR ANY SPECIAL, INCIDENTAL, CONSEQUENTIAL, INDIRECT, TORT, ECONOMIC OR PUNITIVE DAMAGES ARISING OUT OF THE USE OF OR INABILITY TO USE THE SOFTWARE OR SERVICES, INCLUDING WITHOUT LIMITATION LOSS OF PROFITS, BUSINESS OR DATA, EVEN IF ADVISED OF THE POSSIBILITY OF THOSE DAMAGES.

Direct Damages. IN NO EVENT WILL NOVELL'S AGGREGATE LIABILITY FOR DIRECT DAMAGES TO PROPERTY OR PERSON (WHETHER IN ONE INSTANCE OR A SERIES OF INSTANCES) EXCEED 1.25 TIMES THE AMOUNT PAID BY YOU FOR THE SOFTWARE OR SERVICES OUT OF WHICH SUCH CLAIM AROSE (OR \$50 (U.S.) IF YOU RECEIVED THE SOFTWARE FREE OF CHARGE). The above exclusions and limitations will not apply to claims relating to death or personal injury. In those jurisdictions that do not allow the exclusion or limitation of damages, Novell's liability shall be limited or excluded to the maximum extent allowed within those jurisdictions.

GENERAL TERMS

Term. This Agreement becomes effective on the date You legally acquire the Software and will automatically terminate if You breach any of its terms. If the Software is provided to You on a subscription basis, then Your right to possess or use the Software will terminate at the end of the applicable subscription period. Upon termination of this Agreement or any applicable subscription period, You must destroy the original and all copies of the Software or return them to Novell and delete the Software from Your systems.

VERIFICATION. Licensor has the right to verify Your compliance with this Agreement. You agree to:

- A. Implement internal safeguards to prevent any unauthorized copying, distribution, installation, or use of, or access to, the Software;
- B. Keep records sufficient to certify Your compliance with this Agreement (including its Product Use Rights Appendix), and, upon request of Licensor, provide and certify metrics and/or reports based upon such records and account for both numbers of copies (by product and version) and network architectures as they may reasonably relate to Your licensing and deployment of the Software; and
- C. Allow a Licensor representative or an independent auditor ("Auditor") to inspect and audit Your computers and records, during Your normal business hours, for compliance with the licensing terms for Licensor's software products. Upon Licensor's and Auditor's presentation of their signed written confidentiality statement form to safeguard Your confidential information, You shall fully cooperate with such audit and

provide any necessary assistance and access to records and computers. If an audit reveals that You have or at any time have had unlicensed installation, use of, or access to the Software, Licensor shall provide notice of deficiency and allow Licensee to acquire additional licenses per the terms of a new purchase order.

Benchmark Testing. This benchmark testing restriction applies to You if You are a software developer or licensor or if You are performing testing on the Software at the direction of or on behalf of a software developer or licensor. You may not, without Novell's prior written consent not to be unreasonably withheld, publish or disclose to any third party the results of any benchmark test of the Software. If You are a licensor of products that are functionally similar to or compete with the Software ("Similar Products"), or are acting on behalf of such a licensor, and You publish or disclose benchmark information on the Software in violation of this restriction, then notwithstanding anything to the contrary in the Similar Product's end user license agreement, and in addition to any other remedies Novell may have, Novell shall have the right to perform benchmark testing on Similar Products and to disclose and publish that benchmark information and You hereby represent that You have authority to grant such right to Novell.

Open Source. Nothing in this Agreement shall restrict, limit or otherwise affect any rights or obligations You may have, or conditions to which You may be subject, under any applicable open source licenses to any open source code contained in the Software.

Waiver. No waiver of any right under this Agreement will be effective unless in writing, signed by a duly authorized representative of the party to be bound. No waiver of any past or present right arising from any breach or failure to perform will be deemed to be a waiver of any future right arising under this Agreement.

Severability. If any provision in this Agreement is invalid or unenforceable, that provision will be construed, limited, modified or, if necessary, severed, to the extent necessary, to eliminate its invalidity or unenforceability, and the other provisions of this Agreement will remain unaffected.

**Universal Amendment to
Software License Agreements for Novell, Inc. Software Products**

This Universal Amendment ("Amendment") is between Novell, Inc. ("Licensor") and the Authorized End User Licensee ("Authorized Licensee"), as defined below, and modifies Novell, Inc.'s End User License Agreements (including Volume License Agreements, as applicable) for Novell software and related services ("License Agreement") purchased by an Authorized Licensee. The Amendment is effective as of the date the End User License Agreement is effective for the Authorized Licensee ("Effective Date").

1. Applicability. This Amendment applies to any order placed for Licensor's software or related services by an Authorized End User Licensee which is defined as: (a) a U.S. Government federal agency or organization; or (b) a purchasing agent authorized by a U.S. Government federal agency or organization to purchase on behalf of and solely for the benefit of the U.S. Government federal agency or organization as evidenced by a written authorization letter from the U.S. Government federal agency or organization. This Amendment does not apply to any individual person or to any organization that is a commercial entity or not authorized to purchase in accordance with Subsections 1(a) or 1(b) above.
2. Precedence. Any conflict between the License Agreement and this Amendment shall be controlled by the terms of this Amendment to the maximum extent allowed by applicable Federal law.
3. Contracting Authority. Except as authorized under FAR 1.601(a) and 43.102, all provisions in the License Agreement which would allow any individual to bind the U.S. Government to the terms of the License Agreement or any modifications thereto are hereby deleted. Such provisions include the ability of the Licensor to unilaterally modify the terms of the License Agreement and any requirement to accept terms by means of use, download, or click-through agreements. Authorized Licensee agrees that when an authorized contracting officer of the Authorized Licensee places a task order for the Licensor software, the License Agreement in effect at the time, as amended by this Amendment, shall be legally binding on Authorized Licensee. If an Authorized Licensee receives Licensor software through a task order that is not authorized by the Authorized Licensee's authorized contracting officer or Authorized Licensee fails to acknowledge that the License Agreement is binding on Authorized Licensee, Authorized Licensee shall not be deemed to have any license to the Licensor software and Licensor reserves all rights, remedies, and enforcement actions and venues available under applicable state and federal law.
4. Costs and Fees. Pursuant to the Anti-Deficiency Act, 31 U.S.C. § 1341(a)(1)(B), the U.S. Government does not agree to pay any future costs or fees under the License Agreement or this Amendment. Any provisions of the License Agreement obligating the U.S. Government to pay future costs, fees, or damages, or to otherwise expend un-appropriated funds, are hereby deleted unless imposed pursuant to a claim under the Contracts Dispute Act of 1978, as amended or other applicable Federal law. Any provisions of the License Agreement providing for automatic renewal absent some action by the U.S. Government are hereby deleted. If Authorized Licensee orders Licensor's software or related services from a reseller, then pricing and payment of the software license fee and any related fees for that transaction shall be between Authorized Licensee and the reseller.
5. Taxes. If Authorized Licensee is exempt by applicable law from paying sales, use or other taxes, then such exemption shall apply in accordance with applicable law.
6. Installation and Use of the Software. Installation and use of the software shall be in accordance with the License Agreement as modified by this Amendment, unless an Authorized Licensee determines that it requires different terms of use and Licensor agrees in writing to such terms.
7. Licensor Indemnification. A License Agreement may contain terms that obligate Licensor to indemnify and defend an Authorized Licensee against a claim brought by a third party. In such case, Licensor agrees it cannot assume responsibility for or control of the litigation or any settlement negotiations, provided that Authorized Licensee (i) agrees that any litigation or settlement negotiation shall not bind Licensor to the final outcome of any such litigation or settlement; (ii) shall not impair Licensor's own rights, defenses, or claims against the claimant or the

rights of Licensor's other licensees, (iii) shall not have the right to settle any claim, make any admissions, or waive any defenses on behalf of Licensor; and (v) shall in good faith reasonably cooperate and consult with Licensor during the course of settlement negotiations and prosecution of the claim and shall afford Licensor free access to all communications and documentations with all parties, witnesses, and judicial or administrative body(ies) associated with such claim upon Licensor's request to the extent permitted by 28 U.S.C. 516. Any contrary provisions in the License Agreement are hereby deleted. Licensor shall have the right to intervene in a proceeding described by this paragraph at its own expense through counsel of its choice.

8. No Indemnification by Authorized Licensee. In compliance with the Anti-Deficiency Act, 31 U.S.C. § 1341(a)(1)(B), an officer or employee of the U.S. Government may not involve the U.S. Government in a contract or obligation for the payment of money before an appropriation is made unless authorized by law. Any provision requiring the Licensee indemnify the Licensor in the License Agreement is deleted. This provision is not a waiver of Licensor's rights to seek other remedies authorized by applicable U.S. Federal law.
9. Governing Law. The License Agreement and this Amendment shall be governed by the laws of the United States. Any provisions in the License Agreement stating that the License Agreement shall only be governed by the law of any particular U.S. state, U.S. territory or district, or foreign nation are deleted.
10. Dispute Resolution and Venue. Any provisions in the License Agreement requiring the U.S. Government to follow a specific procedure to raise claims or to resolve disputes are hereby deleted. Any provisions in the License Agreement selecting a particular judicial forum or form of alternative dispute resolution for resolving claims relating to the License Agreement are hereby deleted. Any disputes between Licensor and Authorized Licensee relating to the License Agreement and to this Amendment shall be resolved in accordance with the Contract Disputes Act of 1978, as amended (41 U.S.C. §§ 7101-7109). Authorized Licensee expressly acknowledges that Licensor shall have standing to bring a claim to enforce Licensor's rights under the License Agreement and this Amendment provided such claim is brought in a forum and venue allowed by applicable U.S. federal law.
11. Termination. Licensee's termination rights shall be governed by FAR 52.212-4(l) and (m). Any provisions permitting the Licensor to terminate immediately are hereby deleted.
12. Equitable Remedies. Any provision of the License Agreement providing for equitable remedies against the U.S. Government, including an injunction, is deleted to the extent the provision violates the U.S. Government's sovereign immunity or is in violation of an applicable federal law.. Nothing in this paragraph shall prevent Licensor from filing a claim or limit damages under the Contract Disputes Act of 1978, as amended (41 USC §§7101-7109).
13. Monitoring Use of License and Audits. Any provision in the License Agreement permitting Licensor to audit, inspect, or monitor use of the software for compliance with the License Agreement is contingent upon reasonable notice to the Authorized Licensee and adherence to reasonable security measures, including any requirements for personnel to be cleared prior to accessing sensitive facilities or equipment if clearances are normally required for such access.
14. Advertisements and Endorsements. Any provisions allowing Licensor to use the name or logo of any Authorized Licensee to advertise or to imply an endorsement of Licensor's products or services are hereby deleted. Unless specifically authorized by an Authorized Licensee, such use of the name or logo of any U.S. Government entity is prohibited.
15. Confidentiality, Public Access to Information. Licensor agrees that the License Agreement and this Amendment contain no confidential or proprietary information and acknowledges that the License Agreement and this Amendment may be made available to the public. Except for Licensor's software and documentation included with the software, of which Licensor deems as proprietary and confidential, the Authorized Licensee shall not be prohibited from disclosing the terms of the Licensing Agreement and this Amendment, as required by law, including the Freedom of Information Act.
16. Third Party Terms. Subject to the actual language agreed to in the Order by the Contracting Officer. Any third party manufacturer will be brought into the negotiation, or the components acquired separately under Federally-compatible agreements, if any. Contractor indemnities do not constitute effective migration.
17. Limitation of Liability. Subject to the following: This clause shall not impair the U.S. Government's right to recover for fraud or crimes arising out of or related to this Government Contract under any federal fraud statute, including the False Claims Act, 31 U.S.C. §§ 3729-3733.

HP Warranty Information

This document contains warranty information for HP products, including Compaq, Digital and Tandem branded products.

Note: Some products detailed are normally only supported directly by the HP Customer Services organisation. This document provides summary information. Please refer to the warranty statement shipped with product for a detailed explanation of the warranty terms associated with a particular product.

Limited warranty

This Limited Warranty applies only to HP-branded and Compaq-branded hardware products (collectively referred to in this document as "HP Hardware Products") sold by or leased from Hewlett-Packard Company, its worldwide subsidiaries, affiliates, authorized resellers, or country distributors (collectively referred to in this Limited Warranty as "HP") with this Limited Warranty. The term "HP Hardware Product" is limited to the hardware components and required firmware. The term "HP Hardware Product" DOES NOT include any software applications or programs; non-HP products or non-HP branded peripherals. All non-HP products or non-HP branded peripherals external to the HP Hardware Product—such as external storage subsystems, displays, printers and other peripherals—are provided "AS IS" without HP warranty. However, non-HP manufacturers and suppliers, or publishers may provide their own warranties directly.

HP guarantees that the HP Hardware Products that you have purchased or leased from HP are free from defects in materials or workmanship under normal use during the Limited Warranty Period. The Limited Warranty Period starts on the date of purchase or lease from HP. Your dated sales or delivery receipt, showing the date of purchase or lease of the product, is your proof of the purchase or lease date. You may be required to provide proof of purchase or lease as a condition of receiving warranty service. You are entitled to hardware warranty service according to the terms and conditions of this document if a repair to your HP Hardware Product is required within the Limited Warranty Period.

During the Limited Warranty Period, HP will, at its discretion, repair or replace any defective component. All component parts or hardware products removed under this Limited Warranty become the property of HP. In the unlikely event that your HP Hardware Product has recurring failures, HP, at its sole discretion, may elect to provide you with (a) a replacement unit of HP's choosing that is the same or equivalent to your HP Hardware Product in performance or (b) to give you a refund of your purchase price or lease payments (less interest) instead of a replacement. This is your exclusive remedy for defective products.

It is mandatory that the unit product number and serial number be made available when requesting a warranty service event. Failure to do so may result in the event being deemed out of warranty by HP or, HP's Authorised Service Providers, and therefore chargeable to the requester.

Unless otherwise stated, and to the extent permitted by local law, new HP Hardware Products may be manufactured using new materials or new and used materials equivalent to new in performance and reliability. HP may repair or replace HP Hardware Products (a) with new or previously used products or parts equivalent to new in performance and reliability, or (b) with equivalent products to an original product that has been discontinued. Replacement parts are warranted to be free from defects in material or workmanship for ninety (90) days or, for the remainder of the Limited Warranty Period of the HP Hardware Product they are replacing or in which they are installed, whichever is longer.

Notes:

- Products external to the system processor (CPU) box, such as external storage subsystems, printers and other peripherals, are covered by the applicable warranty for those products or options.
- An effective repair does not necessarily require the replacement of a defective part. For example, cleaning the heads of a floppy drive or updating revision levels of ROM BIOS on a PCA board are activities that in many instances deliver an effective repair.
- BIOS/Firmware upgrades are not covered under the basic warranty Terms & Conditions. Firmware that is an integral part of the option hardware board is not automatically upgraded

when new versions of firmware are released.

Where a specific hardware product problem is found to be caused by a superseded BIOS/firmware revision on an HP component, HP will either bring the firmware up to the latest revision, by exchanging the affected component under warranty, or will recommend that the customer upgrade the firmware using Flash-ROM where appropriate. It is essentially the responsibility of the customer to:

1. Ensure that their software is compatible with the latest BIOS/firmware revision.
 2. Upgrade their firmware to keep it synchronised with the new software releases.
- HP fully understands the concerns raised by customers with regards to the security of any data which may be contained on a hard disk being sent for repair. HP's procedures for handling these items start by acknowledging that all such disks may contain sensitive business or technological information and that all appropriate security is in place to safeguard that information.
1. The procedure for handling returned units is as follows:
 2. The documents accompanying a returned item, record the Authorised Service Provider name and ID number, the serial number of the machine it was removed from and a description of the fault.
 3. Using the first two pieces of information for warranty verification only, the unit is then transferred to HP in Scotland, where it is mixed with units from all over Europe, Middle East and Africa for return to the repair vendor.
 4. The repair of the item in no way depends on HP's ability to read any user data contained on the disk.
 5. During the testing/repair cycle, the disks will have a destructive pattern written onto them that will erase all previously held user data.
 6. If the media is damaged, it is removed and scrapped.

Note: HP does not support the use of degaussers to erase data on the disks. Doing so will invalidate the warranty as the degaussing will also erase other data on the disk which is required to format the disk and ensure it operates appropriately, for example sector alignment data, error correction logic, bad sector files and the geometry of the drive.

Even with the above processes, customers may still be reluctant to return defective disks due to confidential data contained on the disks. Customers who wish to retain the original disk will be required to purchase a replacement disk to affect the repair or, purchase the "Defective Material Retention" service offer.

- All marking and/or branding of HP products must be removable. If the marked or branded product can not be refurbished by HP for use (eg. the branding or tagging removed), then the customer may require to purchase a replacement part or unit. Where marking and/or branding cannot be removed, then the Part credit element of a service event may not be paid.

Exclusions

HP does not guarantee that the operation of this product will be uninterrupted or error-free. HP is not responsible for damage that occurs as a result of your failure to follow the instructions intended for the HP hardware product.

This Limited Warranty does not apply to expendable or consumable parts and does not extend to any product from which:

The serial number has been removed, damaged or rendered defective;

- (a) as a result of accident, misuse, abuse, contamination, improper or inadequate maintenance or calibration or other external causes;
- (b) by operation outside the usage parameters stated in the user documentation that shipped with the product (including burned monitor screens and incorrect input voltage);
- (c) by software, interfacing, parts or supplies not supplied by HP

- (d) improper site preparation or maintenance
- (e) virus infection
- (f) loss or damage in transit
- (g) by modification or service by anyone other than
 - (i) HP
 - (ii) an HP authorized service provider
 - (iii) your own installation of end-user replaceable HP or HP approved parts if available for your product in the servicing country or region.

HP IS NOT RESPONSIBLE FOR DAMAGE TO OR LOSS OF ANY PROGRAMS, DATA, OR REMOVABLE STORAGE MEDIA. HP IS NOT RESPONSIBLE FOR THE RESTORATION OR REINSTALLATION OF ANY PROGRAMS OR DATA OTHER THAN SOFTWARE INSTALLED BY HP WHEN THE PRODUCT IS MANUFACTURED.

Before returning any unit for service, be sure to back up data and remove any confidential, proprietary, or personal information..

HP is not responsible for any interoperability or compatibility issues that may arise when (1) products, software, or options not supported by HP are used; (2) configurations not supported by HP are used; (3) parts intended for one system are installed in another system of different make or model

Limitation of liability

If the HP hardware product fails to work as warranted above, HP's maximum liability under the limited warranty is expressly limited to the lesser of the price paid for the product or the cost of repair or replacement of any hardware components that malfunction in conditions of normal use. Except as indicated above, in no event will HP be liable for any damages caused by the product or the failure of the product or perform, including any lost profits or savings, business interruption, loss of use or any other commercial or economic loss of any kind, or special, incremental, or consequential damages. HP is not liable for any claim made by a third party or made by you for the third party. This limitation of liability applies whether damages are sought, or a claim made, under this limited warranty or as a tort claim (including negligence and strict product liability), a contract claim or any other claim. This limitation in liability cannot be waived or amended by any person. This limitation of liability will be effective even if you have advised HP, or an authorized representative of HP, of the possibility of any such damages or even if such possibility were reasonably foreseeable. This limitation of liability, however, will not apply to claims for personal injury.

This limited liability gives specific legal rights. You may also have other rights that may vary from state to state or from country to country. You are advised to consult applicable state or country laws for a full determination of rights.

If HP determines that damage/failure that exists is not covered by the warranty -- i.e. failure of Non-HP memory or options etc. -- the end user will be contacted to determine whether such damage/failure should be repaired for a charge or whether the Product should be returned to the end user as received. All associated transportation and handling costs are charged to the customer.

HP's warranty obligation extends only to products, options, and parts manufactured or distributed by HP, Compaq, Digital or Tandem under their respective brand names. HP in this statement is the sales subsidiary of Hewlett Packard Corporation in the country where the claim is first raised; if no subsidiary exists in the country, it is Hewlett Packard Corporation GmbH in Munich, Germany.

Customer responsibilities

To enable HP to provide the best possible support and service during the Limited Warranty Period, you will be required to:

- Maintain a proper and adequate environment, and use the HP Hardware Product in accordance with the instructions furnished.
- Verify configurations, load most recent firmware, install software patches, run HP diagnostics and utilities, and implement temporary procedures or workarounds provided by HP while HP works on permanent solutions.
- Allow HP to keep resident on your systems or sites certain system and network diagnosis and maintenance tools to facilitate the performance of warranty support (collectively referred to as "Proprietary Service Tools"); Proprietary Service Tools are and remain the sole and exclusive property of HP. Additionally, you will:
 - Use the Proprietary Service Tools only during the applicable warranty period and only as allowed by HP
 - Install, maintain, and support Proprietary Service Tools, including any required updates and patches
 - Provide remote connectivity through an HP-approved communications line, if required
 - Assist HP in running the Proprietary Service Tools
 - Use the electronic data transfer capability to inform HP of events identified by the software
 - Purchase HP-specified remote connection hardware for systems with remote diagnosis service, if required
 - Return the Proprietary Service Tools or allow HP to remove these Proprietary Service Tools upon termination of warranty support
 - Not sell, transfer, assign, pledge, or in any way encumber or convey the Proprietary Service Tools

In some cases, HP may require additional software such as drivers and agents to be loaded on your system in order to take advantage of these support solutions and capabilities.

- Use HP remote support solutions where applicable. HP strongly encourages you to use available support technologies provided by HP. If you choose not to deploy available remote support capabilities, you may incur additional costs due to increased support resource requirements.
- Cooperate with HP in attempting to resolve the problem over the telephone. This may involve performing routine diagnostic procedures, installing additional software updates or patches, removing third-party options, and/or substituting options.
- Make periodic backup copies of your files, data, or programs stored on your hard drive or other storage devices as a precaution against possible failures, alteration, or loss. Before returning any HP Hardware Product for warranty support, back up your files, data, and programs, and remove any confidential, proprietary, or personal information.
- Maintain a procedure to reconstruct your lost or altered files, data, or programs that is not dependent on the HP Hardware Product under warranty support.
- Notify HP if you use HP Hardware Products in an environment that poses a potential health or safety hazard to HP employees or subcontractors. HP may require you to maintain such products under HP supervision and may postpone warranty service until you remedy such hazards.
- Perform additional tasks as defined within each type of warranty service listed below and any other actions that HP may reasonably request in order to best perform the warranty support.

Types of hardware warranty service

Listed below are the types of warranty services that may be applicable to the HP Hardware Product you have purchased. For more details, refer to the "[Limited warranty period](#)" section.

Customer self repair

HP products are designed with many Customer Self Repair (CSR) parts to minimize repair time and allow for greater flexibility in performing defective parts replacement. If during the diagnosis period, HP identifies that the repair can be accomplished by the use of a CSR part, HP will ship that part directly to you for replacement. There are two categories of CSR parts:

- Parts for which customer self repair is mandatory. If you request HP to replace these parts, you will be charged for the travel and labor costs of this service.
- Parts for which customer self repair is optional. These parts are also designed for customer

self repair. If, however, you require that HP replace them for you, this may be done at no additional charge under the type of warranty service designated for your product.

Based on availability and where geography permits, CSR parts will be shipped for next business day delivery. Same-day or four-hour delivery may be offered at an additional charge where geography permits. If assistance is required, you can call the HP Technical Support Center and a technician will help you over the phone. HP specifies in the materials shipped with a replacement CSR part whether a defective part must be returned to HP. In cases where it is required to return the defective part to HP, you must ship the defective part back to HP within a defined period of time, normally five (5) business days. The defective part must be returned with the associated documentation in the provided shipping material. Failure to return the defective part may result in HP billing you for the replacement. With a customer self repair, HP will pay all shipping and part return costs and determine the courier/carrier to be used.

Parts only warranty service

Your HP Limited Warranty may include a parts only warranty service. Under the terms of parts only service, HP will provide replacement parts free of charge. If HP carries out the repair, labor and logistics costs are at your expense.

Advanced unit replacement warranty service

Your HP Limited Warranty may include an advanced unit replacement warranty service. Under the terms of the advanced unit replacement warranty service, HP will ship a replacement unit directly to you if the HP Hardware Product you purchased is diagnosed as defective. On receiving the replacement unit, you will be required to return the defective unit back to HP, in the packaging that arrives with the replacement unit, within a defined period of time, normally five (5) days. HP will incur all shipping and insurance costs to return the defective unit to HP. Failure to return the defective unit may result in HP billing you for the replacement unit.

Pick up and return warranty service

Your HP Limited Warranty may include a pick up and return warranty service. Under the terms of pick up and return service, HP will pick up the defective unit from your location, repair it, and return it to your location. HP will incur all repair, logistics, and insurance costs for this type of service.

Mail-in warranty service

Your HP Limited Warranty may include a mail-in warranty service. Under the terms of mail-in service, you will be required to ship your HP Hardware Product to an authorized service location for warranty repair. You must prepay any shipping charges, taxes, or duties associated with transportation of the product to the repair location. In addition, you are responsible for insuring any product you ship, and you assume risk of loss during shipping. HP will return the repaired product to you and incur all logistics and insurance costs to return the product to you.

Carry-in warranty service

Your HP Limited Warranty may include a carry-in warranty service. Under the terms of carry-in service, you will be required to deliver your HP Hardware Product to an authorized service location for warranty repair. You must prepay any shipping charges, taxes, or duties associated with transportation of the product to and from the service location. In addition, you are responsible for insuring any product shipped or returned to an authorized service location, and you assume risk of loss during shipping.

On-site warranty service

Your HP Limited Warranty may include an on-site warranty service. Under the terms of on-site service, HP may, at its sole discretion, determine if a defect can be repaired:

- Remotely
- By the use of a CSR part
- By a service call at the location of the defective unit

If HP ultimately determines that an on-site service call is required to repair a defect, the call will be scheduled during standard office hours unless otherwise stated for the HP Hardware Product you purchased. Standard office hours are typically 08:00 to 17:00, Monday through Friday, but may vary with local business practices. If the location of the defective unit is outside the customary service zone (typically 50km), response times may be longer or there may be additional charges. To locate the nearest HP authorized service provider, refer to the HP website at www.hp.com/support. In order to receive on-site support, you must:

- Have a representative present when HP provides warranty services at your site
- Notify HP if products are being used in an environment which poses a potential health or safety hazard to HP employees or subcontractors
- Subject to its reasonable security requirements, provide HP with sufficient, free, and safe access to and use of all facilities, information, and systems determined necessary by HP to provide timely support
- Ensure that all manufacturers labels (such as serial numbers) are in place, accessible, and legible
- Maintain an environment consistent with product specifications and supported configurations

Listed below are the types of warranty services that may be applicable to the HP Hardware Product you have purchased. For more details, refer to the "[Limited warranty period](#)" section.

Options limited warranty

The Limited Warranty terms and conditions for most HP-branded options (HP Options) are as set forth in the Limited Warranty applicable to the HP Option and are included in the HP Option product packaging. If your HP Option is installed in an HP Hardware Product, HP may provide warranty service for either the period specified in the warranty documents (HP Option Limited Warranty Period) that shipped with the HP Option or for the remaining warranty period of the HP Hardware Product in which the HP Option is being installed, whichever period is the longer unless stated otherwise in the "[Limited warranty period](#)" section. In all cases, the warranty period of the HP Option will not exceed three (3) years from the date you purchased the HP Option. The HP Option Limited Warranty Period starts from the date of purchase from HP or an HP authorized reseller. Your dated sales or delivery receipt, showing the date of purchase of the HP Option, is your warranty start date. See your HP Option Limited Warranty for more details. Non-HP options are provided "AS IS". However, non-HP manufacturers and suppliers may provide warranties directly to you.

Spare parts

All HP spare parts (see Notes 1 and 2 below) that are used to replace defective parts in a HP product are entitled to:

the remaining service period of the product in which it is installed; or
90 days parts replacement warranty, whichever is greater.

This may include free on-site repair if the HP product is entitled to on-site warranty. See Table - Warranty Services Table.

NOTE 1: The replacement spare part must be a genuine HP spare part.

NOTE 2: This does not include Spare Rechargeable Battery Packs, Spare Compaq Netelligent Products and Network Interface Cards, Microcom Integrated Access Devices, and Compaq External Modems (see below).

Spare Compaq Rechargeable Battery Packs are entitled to a 12 month Parts-only Warranty. Spare Compaq Netelligent, Compaq External Modems and Microcom Integrated Access Products are entitled to the remaining warranty of the replaced product as shown in Table. They do **not** adopt the remaining service period of the product to which they are connected and or any warranty services to which the product is entitled (this/which may include free on-site repair). Spare Netelligent Network Interface Cards receive lifetime Parts-only Warranty.

NOTE: Spare Part, provided that the replacement part is a genuine HP spare part, purchased to repair "Out of Warranty" machines are entitled to 90 days parts-only warranty from date of sale of the spare part to the End User. It is a requirement that an End User Proof of Purchase is provided when claiming spare part warranty. Validation of the spare part warranty will be made against this Proof of

Purchase. This may be dependent on local country legislation.

Software limited warranty

Except as provide in the applicable software end-user license or program license agreement, or if otherwise provided under local law, software products, including any software products, freeware (as defined below) or operating systems preinstalled by HP are provided "AS IS" and with all faults, and HP hereby disclaims all other warranties and conditions, either express, implied, or statutory, including, but not limited to, warranties of title and non-infringement, any implied warranties, duties or conditions of merchantability, of fitness for a particular purpose, and lack of viruses.

Some states/jurisdictions do not allow exclusion of implied warranties or limitations on the duration of implied warranties, so the above disclaimer may not apply to you in its entirety. To the maximum permitted by applicable law, in no event shall HP or its suppliers be liable for any special, incidental, indirect, or consequential damages whatsoever (including, but not limited to, damages for loss of profits or confidential or other information, for business interruption, for personal injury, for loss of privacy arising out of or in any way related to the use or inability to use the software product, even if HP or any supplier has been advised of the potential of such damages and even if the remedy fails of its essential purpose.. Some states/jurisdictions do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

HP's only warranty obligations with respect to software distributed by HP under the HP brand name are set forth in the applicable end-user license or program license agreement provided with that software. If the removable media on which HP distributes the software proves to be defective in materials or workmanship within ninety (90) days of purchase, your sole remedy shall be to return the removable media to HP for replacement. End-User acknowledges that it is responsible for obtaining any licenses to export, re-export or import the Software as may be required. End-User will be solely responsible for any result of its violation of export (control) laws or regulations by End-User or any of its employees.
